THE REGULAR MEETING OF THE BOARD OF DIRECTORS
OF STOCKTON EAST WATER DISTRICT WAS HELD AT THE DISTRICT OFFICE
6767 EAST MAIN STREET, STOCKTON, CA
ON TUESDAY, JUNE 28, 2022 AT 12:30 P.M.

A. PLEDGE OF ALLEGIANCE AND ROLL CALL

President Watkins called the regular meeting to order at 12:30 p.m., and Director Sanguinetti led the Pledge of Allegiance.

Present at roll call at the District were Directors Atkins, Cortopassi, McGaughey, McGurk, Sanguinetti and Watkins. Also present were Interim Manager Hopkins, District Engineer Evensen, Finance Director Vega, Administrative Services Manager Carido, Administrative Clerk Feliciano, Legal Counsel Freeman and Consultant Barkett. Present at roll call via teleconference was Director Panizza.

B. CONSENT CALENDAR

C. PUBLIC COMMENT (None)

D. SCHEDULED PRESENTATIONS AND AGENDA ITEMS

1. Minutes 06/21/22 Regular Meeting

Director Cortopassi made the following correction to the minutes:

- Page 4, section F-1, 2nd paragraph, 2nd sentence – strike “1,957” and replace with “803”.

Director McGurk made the following correction to the minutes:

- Page 5, section F-3a, 1st paragraph, 2nd sentence – strike “ownness” and replace with “onus”.

A motion was moved and seconded to approve the June 21, 2022 Regular Board Meeting minutes, as amended.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

2. Warrants – California Public Employees’ Retirement System

A motion was moved and seconded to approve the June 28, 2022 Warrants – California Public Employees’ Retirement System, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

3. Stockton East Water District – Excavator Purchase Memo, 06/28/22

Interim Manager Hopkins provided the Board with a memo regarding the purchase of an excavator. Interim Manager Hopkins reported in the last two fiscal years, the District has spent approximately \$91,135 annually on excavator rentals. Interim Manager Hopkins stated District Staff has immediate need of an excavator to complete the Upper and Lower Farmington Canal cleanup for the next three

Board Meeting – 06/28/22

Draft

months; renting an excavator for those two projects would cost the District ~\$52,000. Interim Manager Hopkins reported District Staff received a quote from Holt of California for a Caterpillar 330 SLR long-reach excavator in the amount of \$335,728.31. Interim Manager Hopkins reported the purchase of the excavator would avoid paying rent of around \$52,000 to clean up the Upper and Lower Farmington Canals and in 20 years, the District would save ~\$1,672,814. Interim Manager Hopkins recommended the Board approve the purchase of the Holt of California Caterpillar 330 SLR excavator in the amount of \$335,728.31. Interim Manager Hopkins added the excavator is budgeted in the 2022-2023 Fiscal Year.

Director Atkins inquired if District Staff received any quotes from other vendors. Interim Manager Hopkins replied yes, a quote was received from Link-Belt Cranes last year. However, the cost was \$30,000 more than Holt of California.

Director McGurk inquired if the Caterpillar 330 SLR excavator is currently in stock. Interim Manager Hopkins replied yes.

Director Atkins inquired if Caterpillar is the oldest company to manufacture excavators. Interim Manager Hopkins replied yes, to his knowledge.

A motion was moved and seconded to authorize the Interim General Manager to purchase the Holt of California Caterpillar 330 SLR excavator in the amount of \$335,728.31, as presented.

Roll Call:

Ayes: Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: Atkins

Abstain: None

Absent: None

4. Stockton East Water District – Staffing Memo, 06/28/22

Interim Manager Hopkins provided the Board with a memo regarding staffing. Interim Manager Hopkins reported the Administration Committee met to discuss reorganization and reclassification of District Staff; the main objectives being to create two new classifications of Maintenance Manager and Procurement Specialist, reclassify four staff from Water Supply Operators to Maintenance Mechanic I and one staff from Water Supply Supervisor to Maintenance Supervisor, establishing additional incentives for certified crane operators and Grade 5 water treatment plant operators and revising the current Memorandum of Understanding to include the clarifications provided. Interim Manager Hopkins reported the chart on page 12 includes the financial impact; the total cost impact would be ~\$79,940 annually, however the immediate cost would be ~\$24,000 based on the current number of certifications held by Staff. Interim Manager Hopkins reported District Staff recommends the Board authorize the Interim General Manager to direct staff to make the following changes: reclassify four Water Supply Operators positions into two additional Maintenance Mechanic II positions and two additional Maintenance Mechanic I classifications, approve and fund a new Procurement Specialist position, approve and fund a new Maintenance Manager position, and amend the MOU to include incentives for T5, TSS and STC certifications and additional language to clarify the certification processes.

Director McGaughey inquired if the Maintenance Supervisor currently receives a monthly salary of \$25,000. Interim Manager Hopkins replied no, the \$25,000 would be the annual salary increase.

Director Atkins inquired about the difference between the Maintenance Supervisor and Maintenance Manager classifications. Interim Manager Hopkins replied a Maintenance Supervisor oversees the

tasks and provides technical expertise and the Maintenance Manager is responsible for managing the human resources aspect of the department, such as evaluating employee appraisals as well as making sure the work is scheduled and completed. Discussion followed regarding the responsibilities of the Maintenance Supervisor and Maintenance Manager positions.

Director Atkins inquired about the Maintenance Mechanic I and Maintenance Mechanic II classifications in regards to the reclassifications from Water Supply Operator. Interim Manager Hopkins replied the four Water Supply Operators proposed to be reclassified as Maintenance Mechanic I and Maintenance Mechanic II were the dedicated Staff working solely on construction projects. Interim Manager Hopkins stated the Maintenance Mechanic I and Maintenance Mechanic II job descriptions have been modified to include construction work. Director Atkins inquired about the new Procurement Specialist position. Interim Manager Hopkins replied the Staff handling all purchasing, receiving, purchase order processing and inventory control for the Operations and Maintenance departments is currently classified as an Administrative Clerk which is not an accurate job description to the work performed.

Director Cortopassi inquired about the Maintenance Mechanic I and Maintenance Mechanic II positions and if they would both perform construction. Interim Manager Hopkins replied yes, the job description was modified to include construction duties. Director Atkins inquired if all Staff being reclassified to the Maintenance Mechanic classifications can perform both construction and mechanic work. Interim Manager Hopkins replied yes. Discussion followed regarding the reorganization and reclassification of Staff.

Director McGurk inquired if the decision for reclassification is an incentive for Staff. Interim Manager Hopkins replied for the Maintenance Mechanic I classification there is the Maintenance Mechanic II classification position to apply for; however, the incentives to obtain crane certification and Grade 5 water treatment plant operator certification are not merit based but based on District need.

Director Atkins inquired when the next MOU is negotiated. Interim Manager Hopkins replied the current MOU expires March 31, 2026. Discussion followed regarding the current MOU and upcoming salary survey.

A motion was moved and seconded to authorize the Interim General Manager to direct staff to make the following changes: reclassify four Water Supply Operators positions into two additional Maintenance Mechanic II positions and two additional Maintenance Mechanic I classifications, approve and fund a new Procurement Specialist position, approve and fund a new Maintenance Manager position, and amend the MOU to include incentives for T5, TSS and STC certifications and additional language to clarify the certification processes, as presented.

Roll Call:

Ayes: Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: Atkins

Abstain: None

Absent: None

5. Revised Memorandum of Understanding Between Stockton East Water District & Stockton East Water District Employees (Revised: June 28, 2022)
Interim Manager Hopkins provided the Board with the Revised Memorandum of Understanding Between Stockton East Water District & Stockton East Water District Employees (Revised: June 28, 2022).

A motion was moved and seconded to approve the Revised Memorandum of Understanding Between Stockton East Water District & Stockton East Water District Employees (Revised: June 28, 2022), as presented.

Roll Call:

Ayes: Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: Atkins

Abstain: None

Absent: None

6. San Joaquin Farm Bureau Federation – 2022-2023 Officers & Board of Directors Nominations
Interim Manager Hopkins provided the Board with the San Joaquin Farm Bureau Federation – 2022-2023 Officers & Board of Directors Nominations. Director Sanguinetti suggested the Board vote for the nominees as presented.

A motion was moved and seconded to approve the San Joaquin Farm Bureau Federation – 2022-2023 Officers & Board of Directors Nominations, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nays: None

Abstain: None

Absent: None

E. COMMITTEE REPORTS

1. Eastern San Joaquin Groundwater Authority Special Board Meeting, 06/24/22
President Watkins and Interim Manager Hopkins attended the June 24, 2022 Eastern San Joaquin Groundwater Authority Special Board Meeting. President Watkins reported the Committee did not have a quorum and there was nothing to report. The next meeting is scheduled for July 13, 2022.

F. REPORT OF GENERAL MANAGER

1. Water Supply Report as of 06/27/22
Interim Manager Hopkins provided a handout of the Water Supply Report for information only that included storage, release, and production data collected from various sources as of midnight last night.

There is 105,666 AF in storage at New Hogan Reservoir. Current releases are set at 246 cfs. Current release at Goodwin Dam to Stanislaus River are set at 900 cfs and release to all water users are set at 0 cfs. There are 24 irrigators on New Hogan. The water treatment plant is currently processing 46 mgd. The City of Stockton is currently processing 14 mgd. Interim Manager Hopkins reported the District Wells total water extraction is 5,143 gpm (~7.4 mgd).

Interim Manager Hopkins reported the Stanislaus River flow is related to Decision 1641 by the California Water Board and that flow is to help meet the Lower San Joaquin River flow objectives at Vernalis. Discussion followed regarding the Stanislaus River flow.

2. Information Items:
Interim Manager Hopkins noted item: F2a-1, F2a-2 and F2a-3.
3. Report on General Manager Activities
 - a. Department of Water Resources – Eastern San Joaquin Groundwater Sustainability Plan Consultation Meeting, 06/23/22

President Watkins and Interim Manager Hopkins attended the June 23, 2022 Department of Water Resources – Eastern San Joaquin Groundwater Sustainability Plan Consultation Meeting. President Watkins reported discussion regarding DWR’s comments on the Groundwater Sustainability Plan and the modifications imposed by the Eastern San Joaquin Groundwater Authority. Interim Manager Hopkins stated the Groundwater Sustainability Plan must be submitted by July 27, 2022 which includes the approval of the Plan by all Groundwater Sustainability Agencies. Interim Manager Hopkins reported the Groundwater Sustainability Plan will be brought to the District Board for approval on July 19, 2022. Director Cortopassi commented the County has changed the well permitting process and is no longer giving permits. President Watkins requested Staff to look into what/if the County has made changes. This item was for information only.

b. Delta Counties’ Water Summit, 06/24/22

Director McGurk and District Engineer Evensen attended the June 24, 2022 Delta Counties’ Water Summit. District Engineer Evensen reported overall discussion was the Tunnel is not the solution, there are no long-term jobs, too much traffic, bad for water quality and of the Project’s cost of \$16 Billion. Director McGurk reported comments were made by John Herrick; Jeff Michael; Barbara Barrigan-Parilla; lawyers from the five Delta Counties and Board of Supervisors that were in attendance from Solano & Yolo Counties. Director McGurk reported Jeff Michaels commented on waiting for the Environmental Impact Report (EIR), noting the cost of the Project is four-times the benefits. Landowner Russel van Loben Sels commented the Project contradicts water laws already in place and county general plans. Director McGurk reported there are always other alternatives since the first peripheral canal and those other alternatives are being ignored. The five Delta Counties will wait for the EIR and then go into action. Director McGurk reported that San Joaquin Board of Supervisors Winn and Miller were also in attendance. Director Cortopassi inquired if there were discussions regarding the Sites Project. Director McGurk replied that Project has been kicked down the road. Director Sanguinetti added the voters voted for the Bond money. District Engineer Evensen commented the State is thinking about groundwater aquifer storage and they do not want additional surface water reservoirs. Director Cortopassi commented without more surface water we cannot do more projects.

c. Stockton East Water District Activities Update

Interim Manager Hopkins reported Staff discovered a leak in Mormon Slough and advised that Staff will be excavating one of the pipes tomorrow to determine the cause of the leak.

Interim Manager Hopkins reported P-27 has been installed and is in service.

Interim Manager Hopkins reported he received an email from San Joaquin County Office of Emergency Services in partnership with Self-Help Enterprises requesting aid for emergency services to provide water to individuals that are currently in the process of acquiring a domestic well and do not have water. Interim Manager Hopkins inquired if the Board would like to move forward with providing temporary emergency water. Director McGurk inquired how we would deliver the potable water. Interim Manager Hopkins replied the only way is through hydrants at the Water Treatment Plant. Interim Manager Hopkins thought the District should help and it would be positive if we did help. Director Sanguinetti commented the District should be careful, we cannot participate in this all the time and noted the District has customers to help and we have to think about that before providing this temporary emergency water supply. President Watkins commented that the provided water will be drinking water that users currently do not have. Director Sanguinetti commented there are services with tanks to deliver drinking water to them. Interim Manager Hopkins commented he will bring a Memorandum of Understanding back to the Board for consideration.

G. DIRECTOR REPORTS

- 1. Stockton East Water District Presentation, 06/23/22
President Watkins and Interim Manager Hopkins attended the June 23, 2022 Stockton East Water District Presentation. Nothing to report.
- 2. Greater Stockton Chamber Of Commerce – 2022 Installation Dinner, 06/23/22
Director Sanguinetti and Interim Manager Hopkins attended the June 23, 2022 Greater Stockton Chamber Of Commerce – 2022 Installation Dinner. Director Sanguinetti reported Kay G. Ruhstaller was sworn in as the new President of the Board. Director Sanguinetti reported the dinner was a nice function and full attendance. This item was for information only.

H. COMMUNICATIONS (None)

I. AGENDA PLANNING/UPCOMING EVENTS

- 1. San Joaquin Farm Bureau Federation Water Advisory Committee Meeting, 5:00 p.m., 06/28/22
- 2. District Holiday – Independence Day, 07/04/22
- 3. San Joaquin Farm Bureau Federation – 108th Annual Meeting, 5:30 p.m., 07/07/22

J. REPORT OF THE COUNSEL

- 1. Closed Session: REAL PROPERTY – GOVERNMENT CODE SECTION 54956.9 – Property: Water Rights
Agency Negotiator: Justin M. Hopkins
Negotiating Parties: Oakdale Irrigation District
Under Negotiation: Water Transfer
- 2. Closed Session - Potential Litigation
Government Code 54956.9 (c) – two cases

President Watkins adjourned the meeting to closed session at 1:31 p.m. to discuss closed session agenda items. District staff, with the exception to Administrative Services Manager Carido, were excused from the closed session meeting at 1:53 p.m. The regular meeting reconvened at 2:00 p.m., with no reportable action.

K. ADJOURNMENT

President Watkins adjourned the meeting at 2:01 p.m.

Respectfully submitted,

Justin M. Hopkins
Secretary of the Board

**RESOLUTION OF THE BOARD OF DIRECTORS
OF STOCKTON EAST WATER DISTRICT**

RESOLUTION NO. 22-23-05

ADOPTING APPROPRIATIONS LIMIT FOR FISCAL YEAR 2022-2023

WHEREAS, Article XIII B of the California Constitution and Division 9, commencing with Section 7900, of Title 1 of the California Government Code require Stockton East Water District to adopt an Appropriations Limit for each Fiscal Year; and

WHEREAS, Stockton East Water District has determined that the appropriations limit for Fiscal Year 2022-2023 is \$1,779,823 while for Fiscal Year 2021-2022 it was \$1,647,679; and

WHEREAS, the documentation supporting such determination is set forth in Exhibit "A", Attachment "A", and Attachment "B" which are attached hereto and incorporated herein by reference, and have been available to the public for over 15 days; and

WHEREAS, the estimated property tax revenue for the District for Fiscal Year 2022-2023 is \$490,000 which is substantially less than the Appropriations Limit and results in no impact on the budget;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Stockton East Water District that the Appropriations Limit set for the District for Fiscal Year 2022-2023 is hereby set at \$1,779,823.

PASSED AND ADOPTED by the Board of Directors of Stockton East Water District at a regular meeting thereof held on this 5th day of July, 2022, by the following vote:

- AYES:
- NAYES:
- ABSENT:
- ABSTAIN:

DRAFT

Andrew Watkins, President
Board of Directors

ATTEST: **DRAFT**

Justin M. Hopkins, Secretary

**EXHIBIT A
STOCKTON EAST WATER DISTRICT
2022-2023 APPROPRIATIONS LIMIT CALCULATIONS**

Changes (as provided by the Dept. of Finance, State of California, dtd May, 2022):

California per Capita Personal Income Index 7.55

Population (San Joaquin County) 0.44

Per Capita converted to a ratio: $\frac{7.55}{100} + 100 = 1.0755$

Population converted to a ratio: $\frac{0.44}{100} + 100 = 1.0044$

Calculation of Factor for FY 2022-2023
 $1.0755 \times 1.0044 = 1.0802$

Appropriations Limitation FY 2022-2023:

2021-2022 Limit of \$1,647,679 $\times 1.0802 =$ **\$1,779,823**
(2022-2023 Limit)

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost of living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the fiscal year 2022-23 appropriation limit is:

Per Capita Personal Income

Fiscal Year (FY)	Percentage change over prior year
2022-23	7.55

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2022-23 appropriation limit.

2022-23:

Per Capita Cost of Living Change = 7.55 percent
 Population Change = -0.30 percent

Per Capita Cost of Living converted to a ratio: $\frac{7.55 + 100}{100} = 1.0755$

Population converted to a ratio: $\frac{-0.30 + 100}{100} = 0.997$

Calculation of factor for FY 2022-23: $1.0755 \times 0.997 = 1.0723$

Attachment B
Annual Percent Change in Population Minus Exclusions*
January 1, 2021 to January 1, 2022 and Total Population, January 1, 2022

County City	<u>Percent Change</u>	<u>--- Population Minus Exclusions ---</u>		<u>Total Population</u>
	2021-2022	1-1-21	1-1-22	1-1-2022
San Joaquin				
Escalon	-1.04	7,439	7,362	7,362
Lathrop	6.63	29,384	31,331	31,331

Tracy	0.98	93,624	94,538	94,538
Unincorporated	-0.14	158,998	158,781	159,170
County Total	0.44	778,272	781,688	784,298

*Exclusions include residents on federal military installations and group quarters residents in state mental institutions, state and federal correctional institutions and veteran homes.

Memorandum

To: Justin Hopkins – Interim General Manager
From: Darrel Evensen – District Engineer
Manuel Verduzco – Senior Engineer
Date: 7/05/2022
Re: New Extraction Well Drilling Services

BACKGROUND

As part of the Stockton East Water District (District) 2020 Urban Water Management Plan, the District has planned the construction of a new extraction well every five years to supplement the available surface water with banked groundwater. With the U.S. Bureau of Reclamation providing zero allocation from New Melones Reservoir this year, the District is left relying on the New Hogan Reservoir water source. Additionally, all existing wells at the Water Treatment Plant (WTP) campus have been turned on to supplement with banked groundwater supplies in this drought; creating an urgent situation to move rapidly to install a new extraction well that may become operational during the hot summer months when the urban water demand is the highest.

As part of the District's 2022-2023 budget, the Board approved \$750,000 for the drilling and installation of a new extraction well. The budget includes well construction, pump testing, pump installation, and the necessary mechanical, electrical, and civil components for the project.

SUMMARY

District staff solicited a proposal from Purviance Drillers, Inc. and procured an estimate of \$217,905.52 for drilling, casing installation and pump testing the new extraction well. The District's Purchasing Policy requires three (3) quotes for a purchase exceeding \$2,500, however staff is recommending a sole-source to Purviance Drillers, Inc. for the following reasons:

- Purviance Drillers completed the District's most recent well construction and is able to construct a new well without having to perform the traditional design-bid-build process;
- Purviance Drillers is very experienced constructing wells in San Joaquin County and is therefore familiar with the strata and aquifers available to draw from;
- The work could proceed by July 18, 2022, which is months quicker than through a traditional bidding process.

RECOMMENDATION

Staff recommends the Board authorize the Interim General Manager to approve a contract with Purviance Drillers, Inc. to construct a new well and perform a pump test for pump selection for the estimated amount of \$217,905.52, plus an additional 20% for all other project related costs and contingencies, for a total not to exceed amount of \$261,487, and make all other necessary approvals. Funding is available within the current budget.

AMENDED

CITATION AND NOTIFICATION OF PENALTY

To:
 Stockton East Water District
 and its successors
 6767 East Main Street
 Stockton, CA 95215

Inspection #: 1570684
Inspection Date (s): 12/30/2021 - 06/14/2022
Issuance Date: 06/21/2022
CSHO ID: P7970
Optional Report #: 003-22
Reporting ID: 0950673

Inspection Site:
 6767 East Main Street
 Stockton, CA 95215

The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

This Citation and Notification of Penalty (hereinafter Citation) is being issued in accordance with California Labor Code Section 6317 for violations that were found during the inspection/ investigation. **This Citation or a copy must be prominently posted upon receipt by the employer at or near the location of each violation until the violative condition is corrected or for three working days, whichever is longer.** Violations of Title 8 of the California Code of Regulations or of the California Labor Code may result in some instances in prosecution for a misdemeanor.

YOU HAVE A RIGHT to contest this Citation and Notification of Penalty by filing an appeal with the Occupational Safety and Health Appeals Board. To initiate your appeal, you **must** contact the Appeals Board, in writing or by telephone, or online, within 15 working days from the date of receipt of this Citation. If you miss the 15 working day deadline to appeal, the Citation and Notification of Penalty becomes a final order of the Appeals Board, not subject to review by any court or agency.

Informal Conference - You may request an informal conference with the manager of the district office which issued the Citation within 10 working days after receipt of the Citation. However, if the citation is appealed, you may request an informal conference at any time prior to the day of the hearing. Employers are encouraged to schedule a conference at the earliest possible time to assure an expeditious resolution of any issues. At the informal conference, you may discuss the existence of the alleged violation(s), classification of the violation(s), abatement date or proposed penalty.

Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an agreement which resolves this matter without litigation or contest.

APPEAL RIGHTS

The Occupational Safety and Health Appeals Board (Appeals Board) consists of three members appointed by the Governor. The Appeals Board is a separate entity from the Division of Occupational Safety and Health (Cal/OSHA or the Division) and employs experienced administrative law judges to hear appeals fairly and impartially. To initiate an appeal from a Citation and Notification of Penalty, you must contact the Appeals Board in writing, or by telephone, or online via the Board's OASIS system, within 15 working days from the date of receipt of a Citation.

After you have initiated your appeal, you must then file a completed appeal form with the Appeals Board, at the address listed below, or online via the Board's OASIS system, for each contested Citation. Failure to file a completed appeal form with the Appeals Board may result in dismissal of the appeal. Appeal forms are available to print online at: <https://www.dir.ca.gov/oshab/appealform.pdf>. You may also file the appeal through the Board's online OASIS system at: <https://www.dir.ca.gov/oshab/>. Hard copies can also be picked up from district offices of the Division, or from the Appeals Board:

Occupational Safety and Health Appeals Board
2520 Venture Oaks Way, Suite 300
Sacramento, CA 95833
Telephone: (916) 274-5751 or (877) 252-1987
Fax: (916) 274-5785

If the Citation you are appealing alleges more than one item, you must specify on the appeal form which items you are appealing. The appeal form also asks you to identify the grounds for your appeal. Among the specific grounds for an appeal are the following: the safety order was not violated, the classification of the alleged violation (e.g., serious, repeat, willful) is incorrect, the abatement requirements are unreasonable or the proposed penalty is unreasonable.

Important: You must notify the Appeals Board, not the Division, of your intent to appeal within 15 working days from the date of receipt of the Citation. Otherwise, the Citation and Notification of Penalty becomes a final order of the Appeals Board not subject to review by any court or agency. An informal conference with Cal/OSHA or the Division **does not** constitute an appeal and **does not** stay the 15 working day appeal period. If you have any questions concerning your appeal rights, call the Appeals Board, at (916) 274-5751 or (877) 252-1987.

PENALTY PAYMENT OPTIONS

Penalties are due within 15 working days of receipt of this Citation and Notification of Penalty unless contested. If you are appealing any item of the Citation, remittance is still due on all items that are not appealed. Enclosed for your use is a Penalty Remittance Form for payment.

If you are paying electronically, please have the Penalty Remittance Form on-hand when you are ready to make your payment. The company name, inspection number, and Citation number(s) will be required in order to ensure that the payment is accurately posted to your account. Please go to: www.dir.ca.gov/dosh/CalOSHA_PaymentOption.html to access the secure payment processing site. **Additionally, you must also mail the Penalty Remittance Form to the address below.**

If you are paying by check, return one copy of the Citation, along with the Notice of Proposed Penalties Sheet and the Penalty Remittance Form and mail to:

Department of Industrial Relations
Cal/OSHA Penalties
P. O. Box 516547
Los Angeles, CA 90051-0595

Cal/OSHA does not agree to any restrictions, conditions or endorsements put on any check or money order for less than the full amount due, and will cash the check or money order as if these restrictions, conditions, or endorsements do not exist.

NOTIFICATION OF CORRECTIVE ACTION

For violations which you do not contest, you should notify the Division of Occupational Safety and Health promptly by letter that you have taken appropriate corrective action within the time frame set forth on this Citation and Notification of Penalty. Please inform the district office listed on the Citation by submitting the Cal/OSHA 160 form with the abatement steps you have taken and the date the violation was abated, together with adequate supporting documentation, e.g., drawings or photographs of corrected conditions, purchase/work orders related to abatement actions, air sampling results, etc. The adjusted penalty for general violations has already been reduced by 50% on the presumption that the employer will correct the violations by the abatement date. The adjusted penalty for serious violations, if any, has already been reduced by 50% because abatement of those violations has been completed.

Note: Return the Cal/OSHA 160 form to the district office listed on the Citation and as shown below:

Division of Occupational Safety and Health
Process Safety Management - North Non-Refinery
1855 Gateway Blvd, Suite 350
Concord, CA 94520
Telephone: (925) 602-2665
Fax: (925) 602-2668

EMPLOYEE RIGHTS

Employer Discrimination Unlawful - The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising any rights under Labor Code Section 6310 or 6311. An employee who believes that he/she has been discriminated against may file a complaint no later than six (6) months after the discrimination occurred with the Division of Labor Standards Enforcement.

Employee Appeals - An employee or authorized employee's representative may, within 15 working days of the issuance of a citation, special order, or order to take special action, appeal to the Occupational Safety and Health Appeals Board the reasonableness of the period of time fixed by the Division of Occupational Safety and Health (Division) for abatement. An employee appeal may be filed with the Appeals Board or with the Division. No particular format is necessary to initiate the appeal, but the notice of appeal must be in writing.

If an Employee Appeal is filed with the Division, the Division shall note on the face of the document the date of receipt, include any envelope or other proof of the date of mailing, and promptly transmit the document to the Appeals Board. The Division shall, no later than 10 working days from receipt of the Employee Appeal, file with the Appeals Board and serve on each party a clear and concise statement of the reasons why the abatement period prescribed by it is reasonable.

Employee Appeal Forms are available from the Appeals Board, or from a district office of the Division.

Employees Participation in Informal Conference - Affected employees or their representatives may notify the District Manager that they wish to attend the informal conference. If the employer objects, a separate informal conference will be held.

DISABILITY ACCOMMODATION

Disability accommodation is available upon request. Any person with a disability requiring an accommodation, auxiliary aid or service, or a modification of policies or procedures to ensure effective communication and access to the programs of the Division of Occupational Safety and Health, should contact the Disability Accommodation Coordinator at the local district office or the Statewide Disability Accommodation Coordinator at 1-866-326-1616 (toll free). The Statewide Coordinator can also be reached through the California Relay Service, by dialing 711 or 1-800-735-2929 (TTY) or 1-800-855-3000 (TTY - Spanish).

Accommodations can include modifications of policies or procedures or provision of auxiliary aids or services. Accommodations include, but are not limited to, an Assistive Listening System (ALS), a Computer-Aided Transcription System or Communication Access Realtime Translation (CART), a sign-language interpreter, documents in Braille, large print or on computer disk, and audio cassette recording. Accommodation requests should be made as soon as possible. Requests for an ALS or CART should be made no later than five (5) days before the hearing or conference.

Citation and Notification of Penalty

Company Name: Stockton East Water District
Establishment DBA: and its successors
Inspection Site: 6767 East Main Street
Stockton, CA 95215

Citation 1 Item 1 Type of Violation: **General**

CCR8 5143(a)(5):

5143. General Requirements of Mechanical Ventilation Systems.

(a) Design and Operation. The construction, installation, inspection, testing, and maintenance of exhaust systems shall conform to all requirements of Article 107. Additional guidance may be obtained from the American National Standard Fundamentals Governing the Design and Operation of Local Exhaust Systems, ANSI Z9.2-1971 and the Standard for the Installation of Blower and Exhaust Systems, NFPA No. 91-1973. Note: Ventilation requirements for control of flammable vapors are prescribed in Sections 5153(d) and 5416.

(5) The ventilation rate of every mechanical ventilation system used to prevent harmful exposure shall be tested after initial installation, alterations, or maintenance, and at least annually, by means of a pitot traverse of the exhaust duct or equivalent measurements. Records of these tests shall be retained for at least five years.

THIS CITATION AMENDS CITATION NO. 1 ITEM 1, ORIGINALLY ISSUED ON 6/10/2022, TO REDUCE THE PROPOSED PENALTY DUE TO CHANGE OF THE GOOD FAITH ADJUSTMENT FACTOR. ORIGINALLY \$410.00, THE NEW PROPOSED PENALTY FOR THIS ITEM IS \$300.00

ALL OTHER ASPECTS OF THE CITATION AND PENALTY REMAIN UNCHANGED AND EFFECTIVE. THIS AMENDED CITATION SHALL BE POSTED FOR AT LEAST THREE WORKING DAYS OR UNTIL THE VIOLATIVE CONDITION IS ABATED, WHICHEVER IS LONGER.

THE WORDING OF THE CITATION REMAINS AS BELOW:

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not test at least annually the ventilation rate of their mechanical ventilation system used to prevent harmful exposure of chlorine.

Date By Which Violation Must be Abated:	Corrected During Inspection
Proposed Penalty:	\$300.00

Citation 1 Item 2 Type of Violation: **General**

CCR8 5144(d)(3)(C)2:

5144. Respiratory Protection.

(d) Selection of respirators. This subsection requires the employer to evaluate respiratory hazard(s) in the workplace, identify relevant workplace and user factors, and base respirator selection on these factors. The subsection also specifies appropriately protective respirators for use in IDLH atmospheres, and limits the selection and use of air-purifying respirators.

(3) Respirators for atmospheres that are not IDLH.

(C) For protection against gases and vapors, the employer shall provide:

1. An atmosphere-supplying respirator, or

2. An air-purifying respirator, provided that:

a. The respirator is equipped with an end-of-service-life indicator (ESLI) certified by NIOSH for the contaminant; or

b. If there is no ESLI appropriate for conditions in the employer's workplace, the employer implements a change schedule for canisters and cartridges that is based on objective information or data that will ensure that canisters and cartridges are changed before the end of their service life. The employer shall describe in the respirator program the information and data relied upon and the basis for the canister and cartridge change schedule and the basis for reliance on the data.

THIS CITATION AMENDS CITATION NO. 1 ITEM 2, ORIGINALLY ISSUED ON 6/10/2022, TO REDUCE THE PROPOSED PENALTY DUE TO CHANGE OF THE GOOD FAITH ADJUSTMENT FACTOR. ORIGINALLY \$205.00, THE NEW PROPOSED PENALTY FOR THIS ITEM IS \$150.00.

ALL OTHER ASPECTS OF THE CITATION AND PENALTY REMAIN UNCHANGED AND EFFECTIVE. THIS AMENDED CITATION SHALL BE POSTED FOR AT LEAST THREE WORKING DAYS OR UNTIL THE VIOLATIVE CONDITION IS ABATED, WHICHEVER IS LONGER.

THE WORDING OF THE CITATION REMAINS AS BELOW:

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not implement a change schedule for cartridges that is based on objective information or data that ensure that cartridges changed before the end of their service life. The employer did not describe in the respirator program the information and data relied upon and the basis for the cartridge change schedule and the basis for reliance on the data.

Stockton, CA 95215

Citation 1 Item 3 Type of Violation: **General**

CCR8 5144(f)(1):

5144. Respiratory Protection.

(f) Fit testing. This subsection requires that, before an employee may be required to use any respirator with a negative or positive pressure tight-fitting facepiece, the employee must be fit tested with the same make, model, style, and size of respirator that will be used. This subsection specifies the kinds of fit tests allowed, the procedures for conducting them, and how the results of the fit tests must be used.

(1) The employer shall ensure that employees using a tight-fitting facepiece respirator pass an appropriate qualitative fit test (QLFT) or quantitative fit test (QNFT) as stated in this subsection.

Reference:

CCR8 5144(f)(6) QLFT may only be used to fit test negative pressure air-purifying respirators that must achieve a fit factor of 100 or less.

CCR8 5144(f)(7) If the fit factor, as determined through an OSHA-accepted QNFT protocol, is equal to or greater than 100 for tight-fitting half facepieces, or equal to or greater than 500 for tight-fitting full facepieces, the QNFT has been passed with that respirator.

THIS CITATION AMENDS CITATION NO. 1 ITEM 3, ORIGINALLY ISSUED ON 6/10/2022, TO REDUCE THE PROPOSED PENALTY DUE TO CHANGE OF THE GOOD FAITH ADJUSTMENT FACTOR. ORIGINALLY \$410.00, THE NEW PROPOSED PENALTY FOR THIS ITEM IS \$300.00.

ALL OTHER ASPECTS OF THE CITATION AND PENALTY REMAIN UNCHANGED AND EFFECTIVE. THIS AMENDED CITATION SHALL BE POSTED FOR AT LEAST THREE WORKING DAYS OR UNTIL THE VIOLATIVE CONDITION IS ABATED, WHICHEVER IS LONGER.

THE WORDING OF THE CITATION REMAINS AS BELOW:

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not fit test an employee using a tight-fitting full facepiece respirator with an appropriate fit test method which is quantitative fit test.

CCR8 5189(d)(3)(B):

5189. Process Safety Management of Acutely Hazardous Materials.

(d) Process Safety Information. The employer shall develop and maintain a compilation of written safety information to enable the employer and the employees operating the process to identify and understand the hazards posed by processes involving acutely hazardous, flammable and explosive material before conducting any process hazard analysis required by this regulation. The employer shall provide for employee participation in this process. Copies of this safety information shall be made accessible and communicated to employees involved in the processes, and include:

(3) Information pertaining to the equipment in the process.

(B) The employer shall document that the equipment complies with the criteria established in subsection

(d)(3)(A) in accordance with recognized and generally accepted good engineering practices.

Reference:

2010 California Fire Code, Section 3704.2.2.10: Gas detection system. A gas detection system shall be provided to detect the presence of gas at or below the PEL or ceiling limit of the gas for which detection is provided.

3704.2.2.10.1 Alarms. The gas detection system shall initiate a local alarm and transmit a signal to a constantly attended control station when a short-term hazard condition is detected. The alarm shall be both visual and audible and shall provide warning both inside and outside the area where gas is detected. The audible alarm shall be distinct from all other alarms.

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not document that the safety systems in accordance with recognized and generally accepted good engineering practices. Employer did not set a chlorine detection equipment at or below ceiling limit (1 ppm) as required by 2010 California Fire Code in order to alert their employees ensuring employee safety and safe escape from chlorine release as required in 5189(n) ref. 3220 & 6184.

CCR8 5144(d)(2):

5144. Respiratory Protection.

(d) Selection of respirators. This subsection requires the employer to evaluate respiratory hazard(s) in the workplace, identify relevant workplace and user factors, and base respirator selection on these factors. The subsection also specifies appropriately protective respirators for use in IDLH atmospheres, and limits the selection and use of air-purifying respirators.

(2) Respirators for IDLH atmospheres.

(A) The employer shall provide the following respirators for employee use in IDLH atmospheres:

1. A full facepiece pressure demand SCBA certified by NIOSH for a minimum service life of thirty minutes, or

2. A combination full facepiece pressure demand supplied-air respirator (SAR) with auxiliary self-contained air supply.

(B) Respirators provided only for escape from IDLH atmospheres shall be NIOSH-certified for escape from the atmosphere in which they will be used.

(C) All oxygen-deficient atmospheres shall be considered IDLH.

Exception: If the employer demonstrates that, under all foreseeable conditions, the oxygen concentration can be maintained within the ranges specified in Table II (i.e., for the altitudes set out in the table), then any atmosphere-supplying respirator may be used.

THIS CITATION AMENDS CITATION NO. 2 ITEM 1, ORIGINALLY ISSUED ON 6/10/2022, TO REDUCE THE PROPOSED PENALTY DUE TO CHANGE OF THE GOOD FAITH ADJUSTMENT FACTOR. ORIGINALLY \$4950.00, THE NEW PROPOSED PENALTY FOR THIS ITEM IS \$2700.00.

THIS CITATION ALSO AMENDS THE LIKELIHOOD TO "LOW"

ALL OTHER ASPECTS OF THE CITATION AND PENALTY REMAIN UNCHANGED AND EFFECTIVE. THIS AMENDED CITATION SHALL BE POSTED FOR AT LEAST THREE WORKING DAYS OR UNTIL THE VIOLATIVE

CONDITION IS ABATED, WHICHEVER IS LONGER.

THE WORDING OF THE CITATION REMAINS AS BELOW:

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not provide respirators for IDLH atmospheres, where the employer cannot identify or reasonably estimate the employee exposure, to employees working in the chlorine storage room where they are necessary to protect their health during reasonably foreseeable emergency situations as stated in (c)(1)(D). Chlorine can be released during mishap while employees are performing their routine works.

Date By Which Violation Must be Abated:	Corrected During Inspection
Proposed Penalty:	\$2700.00

Establishment DBA: and its successors
Inspection Site: 6767 East Main Street
Stockton, CA 95215

Citation 3 Item 1 Type of Violation: **Serious**

CCR8 5162(c):

5162. Emergency Eyewash and Shower Equipment.

(c) Location. Emergency eyewash facilities and deluge showers shall be in accessible locations that require no more than 10 seconds for the injured person to reach. If both an eyewash and shower are needed, they shall be located so that both can be used at the same time by one person. The area of the eyewash and shower equipment shall be maintained free of items which obstruct their use.

THIS CITATION AMENDS CITATION NO. 3 ITEM 1, ORIGINALLY ISSUED ON 6/10/2022, TO REDUCE THE PROPOSED PENALTY DUE TO CHANGE OF THE GOOD FAITH ADJUSTMENT FACTOR. ORIGINALLY \$4950.00, THE NEW PROPOSED PENALTY FOR THIS ITEM IS \$2700.00.

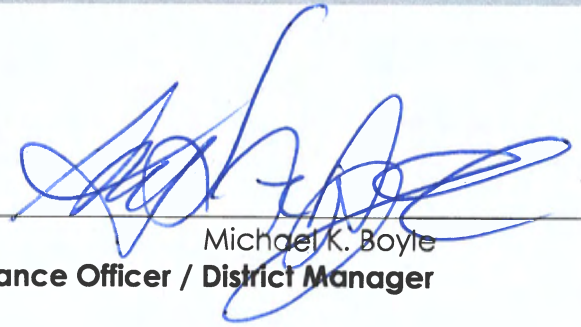

THIS CITATION ALSO AMENDS THE LIKELIHOOD TO "LOW"

ALL OTHER ASPECTS OF THE CITATION AND PENALTY REMAIN UNCHANGED AND EFFECTIVE. THIS AMENDED CITATION SHALL BE POSTED FOR AT LEAST THREE WORKING DAYS OR UNTIL THE VIOLATIVE CONDITION IS ABATED, WHICHEVER IS LONGER.

THE WORDING OF THE CITATION REMAINS AS BELOW:

Prior to and during the course of the inspection, including, but not limited to, on December 30, 2021, the employer did not provide the emergency eyewash and shower equipment in accessible location that requires no more than 10 seconds to reach for employees working at the chlorine storage room.

Date By Which Violation Must be Abated:	Corrected During Inspection
Proposed Penalty:	\$2700.00

XXXXX – Entity Name**RESOLUTION NO. XXXXX****RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY OF THE SACRAMENTO-SAN JOAQUIN DELTA**

WHEREAS, the Sacramento-San Joaquin Delta is the largest estuary on the Pacific Coast of the United States and includes major eastside tributaries that account for nearly half the snowmelt and runoff of the entire state. Located east of the San Francisco Bay and Suisun Marsh at the confluence of the Sacramento-San Joaquin Rivers, the Delta stretches inland to encompass an area of over 730,000 acres with islands and tracts of rich fertile soil surrounded by miles of sloughs and winding channels protected by levees creating one of the country's most productive agricultural regions; and

WHEREAS, the Delta is also habitat for hundreds of plant and animal species providing crucial habitat for fish and wildlife. In addition, the Delta with its legacy Communities is a popular boating and recreation area, which supports a fishery for both recreational and commercial purposes. Eight percent of the State's commercial fishery species either live in or migrate through the Delta; and

WHEREAS, the Delta is also the hub of California's State and Federal water storage and delivery system with water exports made to agricultural and urban users in the Bay Area, Silicon Valley, San Joaquin Valley, the Central Coast, and Southern California; two-thirds of California relies on the Delta for some portion of their drinking water. Additionally, over 7 million acres of farmland in the San Joaquin Valley are irrigated in part by water conveyed through the Delta, contributing to California's multi-billion dollar agriculture industry, which produces half the nation's fruits, nuts, and vegetables, and twenty percent of the nation's dairy products; and

WHEREAS, many people living in the California Delta depend on the Delta for drinking water, water for irrigation and livestock, industrial uses, and habitat, recreation. The Delta is also essential to the shipment of goods from inland ports over highways and railways crisscrossing the Delta. The Delta

RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY OF THE SACRAMENTO-SAN JOAQUIN DELTA

Page 2

also contains natural gas fields, electrical transmission and conveyance facilities; and

WHEREAS, the state has, among other things, proposed large-scale changes to the Delta’s water conveyance system , water rights and water management statewide and many other aspects related to the Delta; and

WHEREAS, there are many parties making policy in and around the Delta, including the State of California and United States Federal Government, making the need for local voices in the Delta essential; and

WHEREAS, the Delta Counties Coalition (DCC) Counties and other local agencies in and around the Delta have raised significant concerns with large-scale isolated conveyance projects proposed by Federal and State entities that could have far reaching negative impacts to the Delta; and

WHEREAS, Large portions of the Delta Primary Zone and portions of the Delta Secondary Zone (per the Delta Protection Act) are located in or are near [redacted] [ADOPTING ENTITY]; and

WHEREAS, the Counties of Contra Costa, Sacramento, San Joaquin, Solano, and Yolo have joined together in a coalition, identified as the Delta Counties Coalition (DCC), to collectively articulate their mutual interests on issues concerning the Sacramento-San Joaquin Delta from the perspective of the Delta region itself and from the people who call the Delta home, who best understand the tremendous resources the Delta represents; and

WHEREAS, the DCC has identified a need for joint action and advocacy among local governments in the region in various areas of mutual interest on Delta related issues; and

WHEREAS, since 2008 the DCC has given a strong local voice to the Delta pursuing three goals:

- 1. Protect and enhance Delta Communities
- 2. Improve water quality and Delta ecosystem

RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY
OF THE SACRAMENTO-SAN JOAQUIN DELTA

Page 3

3. Provide a more reliable water supply for the state to increase water through sustainable approaches and reduce reliance on the Delta; and

WHEREAS, in pursuit of these three goals, the DCC and its partners advocate for statewide water solutions that includes water system operation improvements, increased regional self-reliance, adequate levee maintenance and improvements, increased water storage, water reuse and recycling, stormwater capture, and restoration that includes good neighbor policies in the Delta; and

WHEREAS, The DCC has advocated for and advanced initiatives in pursuit of its goals including pursuing funding for commercial abandoned and derelict vessel removal, invasive species control, levee improvements, and water supply regional self-sufficiency, all of which are positive ways to spend limited resources; and

WHEREAS, The State of California has been pursuing an isolated Delta conveyance since the 1940s under many titles including the Peripheral Canal, Bay Delta Conservation Plan, California WaterFix, and Delta Conveyance Project; and

WHEREAS, an isolated delta conveyance (water conveyance that involves intakes on the Sacramento River and pipelines or canals to take that water to the South Delta or beyond), including the State's currently proposed Delta Conveyance Project, removes freshwater flow through the Delta that is needed to maintain the many beneficial uses of water within and near the Delta. Construction and operation of any isolated Delta conveyance project is not consistent with DCC principles; and

WHEREAS, an isolated Delta conveyance has potential adverse impacts on the Delta and its legacy communities, without any offsetting benefits, including, but not limited to, construction related impacts (traffic, road degradation, noise, water availability, recreation and air quality) over an estimated 14-year construction period, as well as permanent land use and

RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY
OF THE SACRAMENTO-SAN JOAQUIN DELTA

Page 4

agricultural impacts, economic impacts, water quality impacts, biological impacts and cultural and historical site impacts; and

WHEREAS, an isolated Delta conveyance has a high cost compared to other available alternatives to improve statewide water supplies and would use limited resources that could be better spent on other projects that would improve levees, increase water storage, water reuse and recycling and stormwater capture and other means to increase regional water self-sufficiency, among other possible projects. An isolated Delta conveyance would cause negative impacts to users within and north of the Delta, while benefiting only those water users outside the Delta by increasing export pumping capacity; and

WHEREAS,

; and

NOW, THEREFORE, BE IT RESOLVED that the _____ [ENTITY TITLE] supports the DCC goals as stated herein, To ensure the health and sustainability of the Sacramento-San Joaquin Delta, this includes opposing an isolated Delta conveyance in any form including under the current title of the Delta Conveyance Project.

Additionally, the _____ [ENTITY TITLE] supports the DCC position that the management of the Sacramento-San Joaquin River Delta and greater Bay Delta Estuary must:

1. Protect and improve water quality and water quantity in the Delta region and maintain appropriate Delta outflow for a healthy estuary;
2. Protect the existing water right priority system and legislative protections established for the Delta;
3. Respect and safeguard Delta Counties' responsibilities related to land use, water resources, flood management, tax revenues, public health and safety, economic development, agricultural stability, recreation, and environmental protection in any projects, policies, or operations;

RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY OF THE SACRAMENTO-SAN JOAQUIN DELTA

Page 5

4. Represent and include local government in any governance structures for the Delta;
5. Protect, enhance, and preserve the Delta's agricultural economic viability, the ongoing vitality of its communities, and its historical significance;
6. Support rehabilitation, improvement, and maintenance of levees throughout;
7. Support the Delta pool concept, in which the common resource provides quality freshwater supply to all Delta users, requiring mutual responsibility to maintain, restore, and protect the common resource;
8. Support immediate improvements to through-Delta conveyance;
9. Require that any water conveyance plan for the Delta is aligned with these principles and supported by clearly demonstrated improvement to the entire state's water management;
10. Protect and restore the Delta ecosystem and provide for a healthy estuary in perpetuity by ensuring adequate water supply and quality, enhancing Delta fisheries, and managing or eradicating invasive species;
11. Include the study and implementation of storage options, sustainable groundwater management and conjunctive use, conservation, recycling, reuse, and regional self-sufficiency as part of an improved statewide flood management and water supply system, which will reduce reliance on the Delta as called for in the Sacramento-San Joaquin Delta Reform Act of 2009;
12. Support conservation actions aligned with these principles and the habitat plans and programs of each Delta County.

On a motion by XXXX _____, seconded by XXXX _____, the foregoing Resolution was passed and adopted by the entity title this XXX day of XXXXX, 2022, by the following vote, to wit:

RESOLUTION IN SUPPORT OF ENSURING THE HEALTH AND SUSTAINABILITY
OF THE SACRAMENTO-SAN JOAQUIN DELTA

Eastern Water Alliance Date: 07/05/22

Post Office Box 5157
Stockton, CA 95205

An Alliance of Water Districts, Central San Joaquin Water Conservation District, North San Joaquin Water Conservation District, and Stockton East Water District, located over the critically overdrafted Eastern San Joaquin County Groundwater Basin

NOTICE OF MEETING – TOUR OF DISTRICT FACILITIES

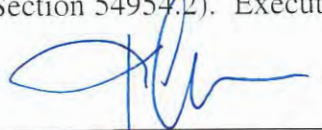

Notice is hereby given that a meeting of the Board of Directors of the Eastern Water Alliance will be held at 9:00 a.m. on Wednesday, July 6, 2022 at Various Locations South of the Mokelumne River

Members of the Eastern Water Alliance and staff will tour certain North San Joaquin Water Conservation District facilities the morning of July 6, 2022. There may be a quorum of Eastern Water Alliance Directors present, therefore the tour is being noticed as a public meeting to comply with the Brown Act. No action will be taken during the Tour. It is for educational purposes only.

- 1) Call to Order
- 2) Roll Call
- 3) Public Comment
- 4) Demonstration Recharge Extraction and Aquifer Management (DREAM) Project Tour
 - a. Tour will begin at 18999 N Tretheway Road and involve caravanning in private vehicles to other district facilities along the South System, ending near the intersection of Eight Mile Road and Hildreth Avenue. The tour involves walking from cars to view facilities.
- 5) Adjournment

Certification of Posting

I hereby certify that on June 29, 2022 I posted a copy of the foregoing agenda in the outside display case at the District Office, 6767 East Main Street, Stockton, California, said time being at least 72 hours in advance of the meeting of the Board of Directors of the Eastern Water Alliance (Government Code Section 54954.2). Executed at Stockton, California on June 29, 2022.

Kristin Carido, Administrative Services Manager
Stockton East Water District

Assistance for the Disabled: If you are disabled in any way and need accommodation to participate in the meeting, please call Kristin Carido, Administrative Services Manager (209) 948-0333 for assistance so the necessary arrangements can be made at least 48 hours prior to the start of the meeting.
