THE REGULAR MEETING OF THE BOARD OF DIRECTORS
OF STOCKTON EAST WATER DISTRICT WAS HELD AT THE DISTRICT OFFICE
6767 EAST MAIN STREET, STOCKTON, CA
ON TUESDAY, JUNE 20, 2017 AT 12:00 NOON

A. PLEDGE OF ALLEGIANCE AND ROLL CALL

President McGurk called the regular meeting to order at 12:22 p.m., and Manager Moody led the Pledge of Allegiance.

Present at roll call were Directors Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti and Watkins. Also present were Manager Moody, Assistant Manager Johnson, Finance Director Vega, District Engineer Lee, Administrative Services Manager Carido, Administrative Clerk Curtis, Legal Counsel Zolezzi and Consultant Barkett.

B. CONSENT CALENDAR (None)

C. PUBLIC COMMENT

Director Cortopassi advised the Board that Bob Foy, former California Water Service Company Chairman of the Board has passed away. Director Cortopassi reported Mr. Foy was a good man and ally to the District.

D. SCHEDULED PRESENTATIONS AND AGENDA ITEMS

1. Minutes 06/13/17 Regular Meeting

A motion was moved and seconded to approve the June 13, 2017 Regular Meeting Minutes, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins

Nayes: None

Abstain: None

Absent: None

2. End of the Year Forecast – New Hogan System Operations

Manager Moody provided the Board with information on the New Hogan System Operations End of Year Forecast. Manager Moody reported staff has begun looking at New Hogan and where the District anticipates its storage to be at the end of the year and brainstorm ideas of how to use the excess water.

Assistant Manager Johnson reviewed the 2016 final numbers and numbers from January through May of 2017. Assistant Manager Johnson reviewed the projection period of June through December 2016 which showed a release of 57,908 AF. This number was used as the initial projection for what is anticipated to be used this year.

Assistant Manager Johnson reported one item of note is in July 2016 there are zeros listed under New Hogan because the District purchased 10,000 AF of water from New Melones. Currently, the District is operating with New Melones water, the M&I numbers for the remainder of the year will be from New Melones and not New Hogan. Assistant Manager Johnson reported an additional 18,000 AF will be added to New Hogan since the water will not be diverted to M&I.

Assistant Manager Johnson reported the projection is based on last year's release and what the storage is anticipated to be at the end of December 2017; taking the amount released number and subtracting the top of conservation number, would leave the District with roughly ~55,000 AF of excess water.

Manager Moody reported with the excess water estimated to be left in storage, the District could send letters to growers advising the water could be used for free irrigation after harvest, putting it to use and not wasting it.

President McGurk inquired if the District determines at which point the dams can be removed. Manager Moody replied no, the District can ask for an extension to delay dam removal from Central Valley Flood Protection Board, but ultimately, must follow the guidelines of the Habitat Conservation Plan.

Director Atkins inquired if staff is holding water in Mosher Slough. Manager Moody replied no.

Director Sanguinetti advised water should be spilling into the Main Street Dam at all times. Manager Moody advised he will have the Water Supply Crew send more water through that way.

Director Watkins inquired if staff has contacted the United States Bureau of Reclamation to inquire if they will allow us the 15% deviation. Manager Moody advised not yet.

Director Atkins inquired if there is a dam on Mormon Slough. President McGurk replied there must be a check dam on Mormon. If the dam was installed, staff could intentionally percolate the diverting canal and there would be water for those who need it at the end of the system. This item was for information only.

3. Eastern San Joaquin Groundwater Joint Powers Authority Board Member Designation
Manager Moody provided the Board with the Joint Exercise of Powers Authority (JPA) Board Designation Form. Manager Moody reported the Board elected him as Alternate at the February 28, 2017 Regular Board Meeting, however, now that the JPA Board has been officially instated, it makes the most sense to elect Director Watkins as the Alternate.

Director Watkins reported he has served as Alternate with Director Panizza as Delegate on the Eastern San Joaquin County Groundwater Basin Authority (GBA). Director Watkins reported Manager Moody was nominated as Alternate previously because he attended the GBA meetings with Director Panizza. However, now that the JPA Board has been formed, it is time to make the official appointment of Director Watkins.

Director Panizza added that the JPA Board realistically should be filled with elected officials as seated members.

President McGurk inquired if this Designation Form supersedes the form filled in February. Manager Moody replied yes.

A motion was moved and seconded to approve the Joint Exercise of Powers Authority Board Designation Form nominating Director Panizza as Board Member and Director Watkins as Alternate, as presented.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins
Nays: None
Abstain: None
Absent: None

4. Bank of Stockton/Bank of the West – Authorized Signatories

Manager Moody provided the Board with requests to remove former employees and replace with current employees as District signatories for the Bank of Stockton and Bank of the West. Manager Moody reported the District's previous Finance Director Charles Naray needs to be removed as signatory from Bank of Stockton and Bank of the West, and the new Finance Director, Juan Vega needs to be added as a signatory.

A motion was moved and seconded authorizing removal of previous District employees as bank signatories and replacing with; Finance Director, Juan Vega. Further, President McGurk directed staff to execute Minute Orders reflecting the changes.

Roll Call:

Ayes: Atkins, Cortopassi, McGaughey, McGurk, Panizza, Sanguinetti, Watkins
Nays: None
Abstain: None
Absent: None

E. COMMITTEE REPORTS

1. Delta Coalition Committee Meeting, 06/12/17

Nothing to report.

2. Eastern San Joaquin Groundwater Authority Joint Exercise of Powers Authority Meeting, 06/14/17
Director Panizza, Manager Moody and District Engineer Lee attended the June 14, 2017 Eastern San Joaquin Groundwater Authority Joint Exercise of Powers Authority (JPA) Meeting. Director Panizza reported this was the inaugural meeting of the JPA and its focus was on organization. Director Panizza reported South San Joaquin Irrigation District (SSJID) formed a collective group with Escalon and Ripon to represent those areas as one, as opposed to three separate entities representing each area. As a result, SSJID requested the JPA only elect officers temporarily until their paperwork could be submitted showing the new partnership. Director Panizza reported Ken Vogel was sworn into office and Supervisor Winn was nominated as temporary Chair of the JPA. Assignments will be reevaluated and voted on at the next meeting on July 12, 2017. Director Panizza reported there was discussion of adopting the potential bylaws; this was pushed off onto the Work Group for further discussion. Director Panizza reported there was discussion on authorizing staff to submit invoices of \$5,000 per the JPA's Joint Exercise of Powers Agreement. Director Panizza reported there was general discussion on authorizing staff to submit written comments in response to the Department of Water Resources' Draft Proposal Solicitation Package for Groundwater Sustainability Plans and Projects. The next meeting is scheduled for July 12, 2017.

3. Sustainable Groundwater Management Act Work Group, 06/14/17

Manager Moody attended the June 14, 2017 Sustainable Groundwater Management Act (SGMA) Work Group. Manager Moody reported discussion focused on the Department of Water Resources' (DWR's) Proposal Solicitation Package (PSP) for Sustainable Groundwater Planning Grant Program. The County is planning to submit comments to the DWR on two issues. DWR says anyone contained in the JPA that does not have an updated Water Management Plan will not be eligible to file and apply for grant funding to complete the Groundwater Sustainability Plan (GSP). Director

Cortopassi inquired if the grants are for a study for sustainability for groundwater planning. Manager Moody replied agencies are currently operating under a grant to develop Groundwater Sustainability Agencies (GSA's), however the new grant is for actual implementation and development of GSP's. Manager Moody reported there needs to be clarification on how to move forward. President McGurk inquired if there will always be parallel meetings between the SGMA Work Group and JPA. Manager Moody replied that is currently up for discussion. Director Panizza reported there are a number of members who are concerned about the amount of meetings between the various groups. There was discussion as to whether the JPA needs an advisory board as well. Director Panizza reported the hope is that the JPA is more heavily attended than the GBA, given the JPA is making policy and monetary decisions that would affect constituents. The SGMA Work Group has the added advantage of the inclusion of the Farm Bureau representatives and outside groups that cannot be part of the JPA, but their input on technical issues is important. President McGurk inquired if the Work Group is a more detailed oriented group. Manager Moody replied the idea is to flush out some arguments in that arena before any information is sent to the board. The next meeting is scheduled for July 12, 2017.

F. REPORT OF GENERAL MANAGER

1. Water Supply Report as of 06/19/17

Manager Moody provided a handout of the Water Supply Report that included storage, release, and production data collected from various sources as of midnight last night.

Manager Moody reported there is 242,753 AF in storage at New Hogan Reservoir. Current releases are set at 203 cfs. There is 2,137,425 AF in storage at New Melones Reservoir. Current release at Goodwin Dam to Stanislaus River are set at 2,758 cfs and release to all water users are set at 4,208 cfs. The water treatment plant is currently processing 28 mgd. The City of Stockton plant is currently processing 24 mgd.

2. Information Items:

Manager Moody noted items: F2a-1, F2a-2, F2a-3, F2a-4, F2a-5, F2a-6 and F2a-7.

3. Report on General Manager Activities

a. Water Education Foundation – Bay Delta Tour – Stockton Area Water Suppliers Sponsored Dinner, 06/14/17

Manager Moody, Assistant Manager Johnson and District Engineer Lee attended the June 14, 2017 Water Education Foundation – Bay Delta Tour – Stockton Area Water Suppliers Sponsored Dinner. Manager Moody reported the dinner was well attended. Chris Neudeck was the speaker and gave a presentation on the history of the Delta. Manager Moody reported there were a number of southern interests in the room. Director Cortopassi inquired if this is a one day tour. Manager Moody replied no, it is at least two days.

Manager Moody advised the Board of the upcoming Independence Day Holiday on Tuesday, July 4, 2017 and inquired if they would like to cancel or postpone the Regular Board Meeting. Director Sanguinetti recommended the meeting be cancelled. Manager Moody advised a cancellation notice will be provided to the Board for consideration and approval.

G. DIRECTOR REPORTS (None)

H. COMMUNICATIONS (None)

I. AGENDA PLANNING/UPCOMING EVENTS

1. San Joaquin County Flood Control and Water Conservation District Advisory Water Advisory Commission Meeting, 1:00 p.m., 06/21/17
2. Greater Stockton Chamber of Commerce – Annual Installation and Awards Dinner, 6:00 p.m., 06/22/17

J. REPORT OF THE COUNSEL

1. Closed Session - Potential Litigation
Government Code 54956.9 (c) – one case
2. Closed Session – Personnel
Government Code 54957

President McGurk adjourned the meeting to closed session at 1:00 p.m. to discuss closed session agenda items. All District staff were excused from the closed session meeting, with the exception of Manager Moody, Assistant Manager Johnson and Administrative Services Manager Carido at 2:16 p.m. The regular meeting reconvened at 2:37 p.m., with no reportable action.

J. ADJOURNMENT

President McGurk adjourned the meeting at 2:38 p.m.

Respectfully submitted,

Scot A. Moody
Secretary of the Board

STOCKTON EAST WATER DISTRICT Policy Manual

No. 2025 Catastrophic Leave & Donation Policy

ADOPTED:

June 27, 2017

Contents

A. Catastrophic Leave	1
B. Catastrophic Leave Eligibility.....	1
C. Leave Donations.....	1
D. Leave Donation Procedures	2

A. Catastrophic Leave

A Regular Employee who faces financial hardship as the primary caregiver to an immediate family member who suffers a catastrophic injury or illness, may qualify for catastrophic leave. "Catastrophic" is defined as an illness or injury to the immediate family member, which is monumental, unusual, unexpected, immediate in nature, and expected to impact the Regular Employee's ability to work for an extended period of time. Under such circumstances, the Regular Employee may request catastrophic leave. If approved by the General Manager, catastrophic leave is unpaid leave unless other Regular Employees voluntarily donate sufficient amounts of their own sick or vacation leave to cover the requested catastrophic leave.

B. Catastrophic Leave Eligibility

- A. The Regular Employee must be the primary caretaker for an immediate family member whose catastrophic illness or injury is likely to last for at least thirty (30) calendar days. For the purpose of this policy, immediate family member is defined as the employee's father, mother, spouse, domestic partner, child, brother, sister, grandparents, grandchildren, or in-laws.
- B. The Regular Employee must have completed their probationary period with the District to be eligible to receive catastrophic leave, unless approved by the General Manager.
- C. The Regular Employee must have exhausted all available paid leave balances, including, but not limited to, sick leave, vacation leave, or floating holiday(s) and is therefore facing financial hardship.
- D. The Regular Employee must be on an approved unpaid leave of absence.
- E. The Regular Employee must submit a request for catastrophic leave to the General Manager for review and approval. The Regular Employee will be required to provide medical documentation for the need of this leave.

C. Leave Donations

STOCKTON EAST WATER DISTRICT

Policy Manual

Regular Employees may donate sick or vacation leave for approved catastrophic leave requests under the following procedures:

D. Leave Donation Procedures

- A.** The donation of leave for catastrophic leave is voluntary. Once made, the donations cannot be revoked or canceled; however, unused catastrophic leave shall be returned to the donors. All donations remain confidential.
- B.** Regular Employees wishing to donate sick or vacation leave will submit to the Administration Department an authorization for transfer of leave form.
- C.** All donations must be in whole hour increments and must be for a minimum of eight (8) hours. Donations shall be on an hour-for-hour basis (i.e. 10 hours donated becomes 10 hours of sick leave at the receiving Regular Employee's rate of pay) with no adjustment for dollar value.
- D.** If sick leave is contributed, the donor's balance cannot drop below eighty (80) hours. If vacation leave is contributed, the donor's balance cannot drop below forty (40) hours.
- E.** Total donations will be limited to a maximum of thirty (30) calendar days (176 leave hours). If additional time is needed, the Regular Employee may request additional catastrophic leave for review and approval by the General Manager, not to exceed a total of ninety (90) calendar days.
- F.** Finance will deduct donated leave hours from the donor's sick leave or vacation leave and add the same number of hours to the recipient's catastrophic leave.
- G.** All donated hours must be used on a continuous and uninterrupted basis and will be paid at the rate of pay and normal work schedule of the recipient, along with all usable hours accrued, until the earliest of the following events occurs:
 - 1. All leave balances, including both donated and accrued leave, are exhausted; or
 - 2. The Regular Employee returns to work at his/her normal work schedule; or
 - 3. The Regular Employee's employment terminates.

If the Regular Employee is working a reduced or modified schedule, the Regular Employee may use the catastrophic leave to make the Regular Employee whole for the purpose of pay, benefits and accruals.
- H.** At no time may a Regular Employee's salary exceed one hundred percent (100%) of base pay.
- I.** In no case will a Regular Employee be able to convert the catastrophic leave to cash or be paid for any remaining balance of catastrophic leave.

submitted in writing and approved by the General Manager before the extension begins. It is the employee's responsibility to return to work at the end of the approved leave. An employee who fails to report to work the day after the approved leave expires will be considered to have voluntarily resigned. The District will not pay for any group health insurance premiums during Personal Leave of Absences.

D. Catastrophic Leave & Donation Policy. A Regular Employee who faces financial hardship as the primary caregiver to an immediate family member who suffers a catastrophic injury or illness, may qualify for catastrophic leave. "Catastrophic" is defined as an illness or injury to the immediate family member, which is monumental, unusual, unexpected, immediate in nature, and expected to impact the Regular Employee's ability to work for an extended period of time. Under such circumstances, the Regular Employee may request catastrophic leave. If approved by the General Manager, catastrophic leave is unpaid leave unless other Regular Employees voluntarily donate sufficient amounts of their own sick or vacation leave to cover the requested catastrophic leave.

4.03. Insurance.

A. Health Insurance. The District will furnish, at District expense, Health Insurance Programs for its Regular Employees and dependents of the employee to help provide the employee with protection from major health expense. The qualification of dependents and co-insurance responsibilities of the employee are separate for the various elements of the program. The program currently includes the following elements:

- 1) Medical Care (see Exhibit 'A' for current provider).
- 2) Vision Care (see Exhibit 'A' for current provider).
- 3) Dental Care (see Exhibit 'A' for current provider).

B. Post-Retirement Health Insurance. All Regular Employees hired before April 1, 2015, eligible for CalPERS retirement (normally age 55 [but not less than 50], vested with 5-years of CalPERS contributions), who have worked for the District for at least five (5) years and who retire from the District will be eligible for this post-retirement health insurance benefit.

A Regular Employee hired before April 1, 2015 shall be eligible for medical insurance to a retiree and one dependent (identified at time of retirement). Surviving dependent (identified at time of retirement) will be entitled to continue to receive Post-Retirement Health Insurance.

At age 65 coverage will be provided by a combination of the District insurance provider and Medicare insurance. The District will be responsible for the value of such medical coverage only to the extent it is provided to an individual, if the retiree has less than twenty (20) years of service. The difference in cost between this individual plan and the retiree-chosen plan for medical insurance will be the responsibility of the retiree. The District will be responsible for the value of such medical coverage only to the extent it is provided to an individual and 50% the cost of one dependent, if the retiree has more than twenty (20) years and less than thirty (30) years of service.

Stockton East Water District
Authorization for
Leave Donation Form
DRAFT

***This Form must be used in conjunction with an approved Catastrophic Leave Request
Complete this Form in its entirety if you choose to make a donation***

Regular Employees may donate sick or vacation leave for approved Catastrophic Leave Request(s).

Donating Employee Name: _____ Date: _____

I hereby choose to donate leave for the following Catastrophic Leave Request:

Catastrophic Leave Employee Name: _____

I hereby choose to transfer the Total Donated Hours of: _____ (Minimum of 8.0 hours).

Donated Hours are designated as Follows:

(In 8.0 Hour Increments)

Select Leave Type:	Donated Hour Amount: (In Hours)	Time Available as of: (Date)	Time Remaining: (In Hours)
_____ Vacation	_____	_____	_____
_____ Sick	_____	_____	_____

I affirm I am donating the hours as designated above on a voluntary basis to provide Catastrophic Leave assistance to the employee designated above. I acknowledge the amount of hours will be subtracted from my accrued balance(s) and, once applied to the employee designated above, are irrevokable. I further understand unused Catastrophic Leave donations shall be returned to the donor. All donations shall be confidential and anonymous.

Required Employer Contribution

Required Employer Contribution	Fiscal Year 2016-17 ¹	Fiscal Year 2017-18
Employer Normal Cost Rate	10.523%	10.565%
Plus Either		
1) Monthly Employer Dollar UAL Payment	\$ 23,030.25	\$ 27,223.44
Or		
2) Annual Lump Sum Prepayment Option	\$ 266,548	\$ 315,079

*The total minimum required employer contribution is the **sum** of the Plan's Employer Normal Cost Rate (expressed as a percentage of payroll) **plus** the Employer Unfunded Accrued Liability (UAL) Contribution Amount (billed monthly in dollars). Only the UAL portion of the employer contribution can be prepaid (which must be received in full no later than July 31). Plan Normal Cost contributions will be made as part of the payroll reporting process. If there is contractual cost sharing or other change, this amount will change. § 20572 of the Public Employees' Retirement Law assesses interest at an annual rate of 10 percent if a contracting agency fails to remit the required contributions when due.*

	Fiscal Year 2016-17 ¹	Fiscal Year 2017-18
Development of Normal Cost as a Percentage of Payroll		
Base Total Normal Cost for Formula	15.263%	15.314%
Surcharge for Class 1 Benefits ³		
a) FAC 1	0.503%	0.503%
b) PRSA	0.678%	0.678%
c) 5% COLA	0.966%	0.966%
Phase out of Normal Cost Difference ⁴	0.000%	0.000%
Plan's Total Normal Cost	17.409%	17.461%
Formula's Expected Employee Contribution Rate	6.886%	6.896%
Employer Normal Cost Rate	10.523%	10.565%
 Projected Payroll for the Contribution Fiscal Year	 \$ 2,661,107	 \$ 2,627,028
Estimated Employer Contributions Based on Projected Payroll		
Plan's Estimated Employer Normal Cost	\$ 280,039	\$ 277,546
Plan's Payment on Amortization Bases ²	276,363	326,681
Total Employer Contribution ⁵	\$ 556,402	\$ 604,227

¹ The results shown for Fiscal Year 2016-17 reflect the prior year valuation and do not take into account any lump sum payment, side fund payoff, or rate adjustment made after June 30, 2015.

² See page 8 for a breakdown of the Amortization Bases.

³ Section 2 of this report contains a list of Class 1 benefits and corresponding surcharges for each benefit.

⁴ The normal cost difference is phased out over a five year period. The phase out of normal cost difference is 100 percent for the first year of pooling, and is incrementally reduced by 20 percent of the original normal cost difference for each subsequent year. This is non-zero only for plans that joined a pool within the past 5 years. Most plans joined a pool June 30, 2003, when risk pooling was implemented.

⁵ As a percentage of projected payroll the UAL contribution is 12.435 percent for an estimated total employer contribution rate of 23.000 percent.

Required Employer Contribution

Required Employer Contribution		Fiscal Year 2016-17 ¹	Fiscal Year 2017-18

H. R. 23 (Introduced-in-House)

115TH CONGRESS
1ST SESSION

H. R. 23

To provide drought relief in the State of California, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JANUARY 3, 2017

Mr. VALADAO (for himself, Mr. NUNES, Mr. ROHRABACHER, Mr. COOK, Mr. ISSA, Mr. ROYCE of California, Mrs. MIMI WALTERS of California, Mr. CALVERT, Mr. KNIGHT, Mr. MCCARTHY, Mr. HUNTER, Mr. LAMALFA, and Mr. MCCLINTOCK) introduced the following bill; which was referred to the Committee on Natural Resources, and in addition to the Committee on Agriculture, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To provide drought relief in the State of California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Gaining Responsibility on Water Act of 2017”.

SEC. 2. TABLE OF CONTENTS.

The table of contents for this Act is as follows:

Sec. 1. Short title.
Sec. 2. Table of contents.

TITLE I—CENTRAL VALLEY PROJECT WATER RELIABILITY

Sec. 101. Amendment to purposes.
Sec. 102. Amendment to definition.
Sec. 103. Contracts.
Sec. 104. Water transfers, improved water management, and conservation.
Sec. 105. Fish, wildlife, and habitat restoration.
Sec. 106. Restoration fund.
Sec. 107. Additional authorities.
Sec. 108. Bay-Delta Accord.
Sec. 109. Natural and artificially spawned species.
Sec. 110. Regulatory streamlining.
Sec. 111. Additional emergency consultation.
Sec. 112. Regarding the operation of Folsom Reservoir.
Sec. 113. Applicants.
Sec. 114. San Joaquin River settlement.

TITLE II—CALFED STORAGE FEASIBILITY STUDIES

Sec. 201. Studies.
Sec. 202. Temperance Flat.
Sec. 203. CALFED storage accountability.
Sec. 204. Water storage project construction.

TITLE III—WATER RIGHTS PROTECTIONS

Sec. 301. Offset for State Water Project.
Sec. 302. Area of origin protections.
Sec. 303. No redirected adverse impacts.
Sec. 304. Allocations for Sacramento Valley contractors.
Sec. 305. Effect on existing obligations.

TITLE IV—MISCELLANEOUS

Sec. 401. Water supply accounting.
Sec. 402. Operations of the Trinity River Division.
Sec. 403. Report on results of water usage.
Sec. 404. Klamath project consultation applicants.
Sec. 405. Losses caused by the construction and operation of storage projects.
Sec. 406. CA State Water Resources Control Board.

TITLE V—WATER SUPPLY PERMITTING ACT

Sec. 501. Short title.
Sec. 502. Definitions.
Sec. 503. Establishment of lead agency and cooperating agencies.
Sec. 504. Bureau responsibilities.
Sec. 505. Cooperating agency responsibilities.
Sec. 506. Funding to process permits.

TITLE VI—BUREAU OF RECLAMATION PROJECT STREAMLINING

Sec. 601. Short title.
Sec. 602. Definitions.
Sec. 603. Acceleration of studies.
Sec. 604. Expedited completion of reports.
Sec. 605. Project acceleration.
Sec. 606. Annual report to Congress.

TITLE VII—ACCELERATED REVENUE, REPAYMENT, AND SURFACE WATER STORAGE ENHANCEMENT

Sec. 701. Short title.
Sec. 702. Prepayment of certain repayment contracts between the United States and contractors of federally developed water supplies.

TITLE VIII—SAFETY OF DAMS

Sec. 801. Authorization of additional project benefits.

TITLE IX—WATER RIGHTS PROTECTION

Sec. 901. Short title.
Sec. 902. Definition of water right.
Sec. 903. Treatment of water rights.
Sec. 904. Recognition of State authority.
Sec. 905. Effect of title.

TITLE I—CENTRAL VALLEY PROJECT WATER RELIABILITY

SEC. 101. AMENDMENT TO PURPOSES.

(1) in subsection (f), by striking the period at the end; and

(2) by adding at the end the following:

* “(g) to ensure that water dedicated to fish and wildlife purposes by this title is replaced and provided to Central Valley Project water contractors by December 31, 2018, at the lowest cost reasonably achievable; and

“(h) to facilitate and expedite water transfers in accordance with this Act.”.

SEC. 102. AMENDMENT TO DEFINITION.

Section 3403 of the Central Valley Project Improvement Act (106 Stat. 4707) is amended—

(1) by amending subsection (a) to read as follows:

* “(a) the term ‘anadromous fish’ means those native stocks of salmon (including steelhead) and sturgeon that, as of October 30, 1992, were present in the Sacramento and San Joaquin Rivers and their tributaries and ascend those rivers and their tributaries to reproduce after maturing in San Francisco Bay or the Pacific Ocean;”;

(2) in subsection (l), by striking “and,”;

(3) in subsection (m), by striking the period and inserting “; and”; and

(4) by adding at the end the following:

* “(n) the term ‘reasonable flows’ means water flows capable of being maintained taking into account competing consumptive uses of water and economic, environmental, and social factors.”.

SEC. 103. CONTRACTS.

Section 3404 of the Central Valley Project Improvement Act (106 Stat. 4708) is amended—

(1) in the heading, by striking “**LIMITATION ON CONTRACTING AND CONTRACT REFORM**” and inserting “**CONTRACTS**”; and

(2) by striking the language of the section and by adding:

* “(a) **RENEWAL OF EXISTING LONG-TERM CONTRACTS.**—Upon request of the contractor, the Secretary shall renew any existing long-term repayment or water service contract that provides for the delivery of water from the Central Valley Project for a period of 40 years.

“(b) **ADMINISTRATION OF CONTRACTS.**—Except as expressly provided by this Act, any existing long-term repayment or water service contract for the delivery of water from the Central Valley Project shall be administered pursuant to the Act of July 2, 1956 (70 Stat. 483).

* “(c) **DELIVERY CHARGE.**—Beginning on the date of the enactment of this Act, a contract entered into or renewed pursuant to this section shall include a provision that requires the Secretary to charge the other party to such contract only for water actually delivered by the Secretary.”.

SEC. 104. WATER TRANSFERS, IMPROVED WATER MANAGEMENT, AND CONSERVATION.

Section 3405 of the Central Valley Project Improvement Act (106 Stat. 4709) is amended as follows:

(1) In subsection (a)—

(A) by inserting before “Except as provided herein” the following: “The Secretary shall take all necessary actions to facilitate and expedite transfers of Central Valley Project water in

accordance with this Act or any other provision of Federal reclamation law and the National Environmental Policy Act of 1969.”;

(B) in paragraph (1)(A), by striking “to combination” and inserting “or combination”;

(C) in paragraph (2), by adding at the end the following:

“(E) The contracting district from which the water is coming, the agency, or the Secretary shall determine if a written transfer proposal is complete within 45 days after the date of submission of such proposal. If such district or agency or the Secretary determines that such proposal is incomplete, such district or agency or the Secretary shall state with specificity what must be added to or revised in order for such proposal to be complete.

“(F) Except as provided in this section, the Secretary shall not impose mitigation or other requirements on a proposed transfer, but the contracting district from which the water is coming or the agency shall retain all authority under State law to approve or condition a proposed transfer.”; and

(D) by adding at the end the following:

“(4) Notwithstanding any other provision of Federal reclamation law—

“(A) the authority to make transfers or exchanges of, or banking or recharge arrangements using, Central Valley Project water that could have been conducted before October 30, 1992, is valid, and such transfers, exchanges, or arrangements shall not be subject to, limited, or conditioned by this title; and

“(B) this title shall not supersede or revoke the authority to transfer, exchange, bank, or recharge Central Valley Project water that existed prior to October 30, 1992.”.

(2) In subsection (b)—

(A) in the heading, by striking “METERING” and inserting “MEASUREMENT”; and

(B) by inserting after the first sentence the following: “The contracting district or agency, not including contracting districts serving multiple agencies with separate governing boards, shall ensure that all contractor-owned water delivery systems within its boundaries measure surface water at the district or agency’s facilities up to the point the surface water is commingled with other water supplies.”.

(3) By striking subsection (d).

(4) By redesignating subsections (e) and (f) as subsections (d) and (e), respectively.

(5) By amending subsection (e) (as redesignated by paragraph (4))—

(A) by striking “as a result of the increased repayment” and inserting “that exceed the cost-of-service”;

(B) by inserting “the delivery of ” after “rates applicable to”; and

(C) by striking “, and all increased revenues received by the Secretary as a result of the increased water prices established under subsection 3405(d) of this section,”.

SEC. 105. FISH, WILDLIFE, AND HABITAT RESTORATION.

Section 3406 of the Central Valley Project Improvement Act (106 Stat. 4714) is amended as follows:

(1) In subsection (b)—

(A) in paragraph (1)(B)—

- (i) by striking “is authorized and directed to” and inserting “may”;
- (ii) by inserting “reasonable water” after “to provide”;
- (iii) by striking “anadromous fish, except that such” and inserting “anadromous fish. Such”;
- (iv) by striking “Instream flow” and inserting “Reasonable instream flow”;
- (v) by inserting “and the National Marine Fisheries Service” after “United States Fish and Wildlife Service”; and
- (vi) by striking “California Department of Fish and Game” and inserting “United States Geological Survey”;

(B) in paragraph (2)—

- (i) by striking “primary purpose” and inserting “purposes”;
- (ii) by striking “but not limited to” before “additional obligations”; and
- (iii) by adding after the period the following: “All Central Valley Project water used for the purposes specified in this paragraph shall be credited to the quantity of Central Valley Project yield dedicated and managed under this paragraph by determining how the dedication and management of such water would affect the delivery capability of the Central Valley Project during the 1928 to 1934 drought period after fishery, water quality, and other flow and operational requirements imposed by terms and conditions existing in licenses, permits, and other agreements pertaining to the Central Valley Project under applicable State or Federal law existing on October 30, 1992, have been met. To the fullest extent possible and in accordance with section 3411, Central Valley Project water dedicated and managed pursuant to this paragraph shall be reused to fulfill the Secretary’s remaining contractual obligations to provide Central Valley Project water for agricultural or municipal and industrial purposes.”; and

(C) by amending paragraph (2)(C) to read:

✱

“(C) If by March 15th of any year the quantity of Central Valley Project water forecasted to be made available to water service or repayment contractors in the Delta Division of the Central Valley Project is below 75 percent of the total quantity of water to be made available under said contracts, the quantity of Central Valley Project yield dedicated and managed for that year under this paragraph shall be reduced by 25 percent.”.

(2) By adding at the end the following:

“(i) SATISFACTION OF PURPOSES.—By pursuing the activities described in this section, the Secretary shall be deemed to have met the mitigation, protection, restoration, and enhancement purposes of this title.”.

SEC. 106. RESTORATION FUND.

(a) **IN GENERAL.**—Section 3407(a) of the Central Valley Project Improvement Act (106 Stat. 4726) is amended as follows:

- (1) By inserting “(1) **IN GENERAL.**—” before “There is hereby”.

(2) By striking “Not less than 67 percent” and all that follows through “Monies” and inserting “Monies”.

(3) By adding at the end the following:

“(2) PROHIBITIONS.—The Secretary may not directly or indirectly require a donation or other payment to the Restoration Fund—

“(A) or environmental restoration or mitigation fees not otherwise provided by law, as a condition to—

“(i) providing for the storage or conveyance of non-Central Valley Project water pursuant to Federal reclamation laws; or

“(ii) the delivery of water pursuant to section 215 of the Reclamation Reform Act of 1982 (Public Law 97–293; 96 Stat. 1270); or

~~“(B) for any water that is delivered with the sole intent of groundwater recharge.”.~~

(b) CERTAIN PAYMENTS.—Section 3407(c)(1) of the Central Valley Project Improvement Act is amended—

(1) by striking “mitigation and restoration”;

(2) by striking “provided for or”; and

(3) by striking “of fish, wildlife” and all that follows through the period and inserting “of carrying out all activities described in this title.”.

(c) ADJUSTMENT AND ASSESSMENT OF MITIGATION AND RESTORATION PAYMENTS.—Section 3407(d)(2) of the Central Valley Project Improvement Act is amended by inserting “, or after October 1, 2016, \$4 per megawatt-hour for Central Valley Project power sold to power contractors (October 2016 price levels)” after “\$12 per acre-foot (October 1992 price levels) for municipal and industrial water sold and delivered by the Central Valley Project”.

(d) COMPLETION OF ACTIONS.—Section 3407(d)(2)(A) of the Central Valley Project Improvement Act is amended by inserting “no later than December 31, 2020,” after “That upon the completion of the fish, wildlife, and habitat mitigation and restoration actions mandated under section 3406 of this title,”.

(e) REPORT; ADVISORY BOARD.—Section 3407 of the Central Valley Project Improvement Act (106 Stat. 4714) is amended by adding at the end the following:

“(g) REPORT ON EXPENDITURE OF FUNDS.—At the end of each fiscal year, the Secretary, in consultation with the Restoration Fund Advisory Board, shall submit to Congress a plan for the expenditure of all of the funds deposited into the Restoration Fund during the preceding fiscal year. Such plan shall contain a cost-effectiveness analysis of each expenditure.

“(h) ADVISORY BOARD.—

“(1) ESTABLISHMENT.—There is hereby established the Restoration Fund Advisory Board (hereinafter in this section referred to as the ‘Advisory Board’) composed of 12 members selected by the Secretary, each for four-year terms, one of whom shall be designated by the Secretary as Chairman. The members shall be selected so as to represent the various Central Valley Project stakeholders, four of whom shall be from CVP agricultural users, three from CVP municipal and industrial users, three from CVP power contractors, and two at the discretion of the Secretary. The Secretary and the Secretary of Commerce may each designate a representative to act as an observer of the Advisory Board.

“(2) DUTIES.—The duties of the Advisory Board are as follows:

to State law by irrigation districts and other local water districts and local governments within the applicable hydrologic region, to advance these projects. No additional Federal funds are authorized for the activities authorized in sections 103(d)(1)(A)(i), 103(d)(1)(A)(ii), and 103(d)(1)(A)(iii) of Public Law 108–361. However, each water storage project under sections 103(d)(1)(A)(i), 103(d)(1)(A)(ii), and 103(d)(1)(A)(iii) of Public Law 108–361 is authorized for construction if non-Federal funds are used for financing and constructing the project.

SEC. 108. BAY-DELTA ACCORD.

(a) CONGRESSIONAL DIRECTION REGARDING CENTRAL VALLEY PROJECT AND CALIFORNIA STATE WATER PROJECT OPERATIONS.—The Central Valley Project and the State Water Project shall be operated pursuant to the water quality standards and operational constraints described in the “Principles for Agreement on the Bay-Delta Standards Between the State of California and the Federal Government” dated December 15, 1994, and such operations shall proceed without regard to the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) or any other law pertaining to the operation of the Central Valley Project and the California State Water Project. Implementation of this section shall be in strict conformance with the “Principles for Agreement on the Bay-Delta Standards Between the State of California and the Federal Government” dated December 15, 1994.

(b) APPLICATION OF LAWS TO OTHERS.—Neither a Federal department nor the State of California, including any agency or board of the State of California, shall impose on any water right obtained pursuant to State law, including a pre-1914 appropriative right, any condition that restricts the exercise of that water right in order to conserve, enhance, recover or otherwise protect any species that is affected by operations of the Central Valley Project or California State Water Project. Nor shall the State of California, including any agency or board of the State of California, restrict the exercise of any water right obtained pursuant to State law, including a pre-1914 appropriative right, in order to protect, enhance, or restore under the Public Trust Doctrine any public trust value. Implementation of the “Principles for Agreement on the Bay-Delta Standards Between the State of California and the Federal Government” dated December 15, 1994, shall be in strict compliance with the water rights priority system and statutory protections for areas of origin.

(c) COSTS.—No cost associated with the implementation of this section shall be imposed directly or indirectly on any Central Valley Project contractor, or any other person or entity, unless such costs are incurred on a voluntary basis.

(d) NATIVE SPECIES PROTECTION.—California law is preempted with respect to any restriction on the quantity or size of nonnative fish taken or harvested that preys upon one or more native fish species that occupy the Sacramento and San Joaquin Rivers and their tributaries or the Sacramento-San Joaquin Rivers Delta.

SEC. 109. NATURAL AND ARTIFICIALLY SPAWNED SPECIES.

After the date of the enactment of this title, and regardless of the date of listing, the Secretaries of the Interior and Commerce shall not distinguish between natural-spawned and hatchery-spawned or otherwise artificially propagated strains of a species in making any determination under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) that relates to any anadromous fish species present in the Sacramento and San Joaquin Rivers or their tributaries and ascend those rivers and their tributaries to reproduce after maturing in San Francisco Bay or the Pacific Ocean.

SEC. 110. REGULATORY STREAMLINING.

(a) APPLICABILITY OF CERTAIN LAWS.—Filing of a Notice of Determination or a Notice of Exemption for any project, including the issuance of a permit under State law, related to any project of the CVP or the delivery of water therefrom in accordance with the California Environmental Quality Act shall be deemed to meet the requirements of section 102(2)(C) of the National Environmental Protection Act of 1969 (42 U.S.C. 4332(2)(C)) for that project or permit.

(b) **CONTINUATION OF PROJECT.**—The Bureau of Reclamation shall not be required to cease or modify any major Federal action or other activity related to any project of the CVP or the delivery of water there from pending completion of judicial review of any determination made under the National Environmental Protection Act of 1969 (42 U.S.C. 4332(2)(C)).

(c) **PROJECT DEFINED.**—For the purposes of this section:

(1) **CVP.**—The term “CVP” means the Central Valley Project.

(2) **PROJECT.**—The term “project”—

(A) means an activity that—

(i) is undertaken by a public agency, funded by a public agency, or that requires an issuance of a permit by a public agency;

(ii) has a potential to result in physical change to the environment; and

(iii) may be subject to several discretionary approvals by governmental agencies;

(B) may include construction activities, clearing or grading of land, improvements to existing structures, and activities or equipment involving the issuance of a permit; or

(C) as defined under the California Environmental Quality Act in section 21065 of the California Public Resource Code.

SEC. 111. ADDITIONAL EMERGENCY CONSULTATION.

For adjustments to operating criteria other than under section 108 or to take urgent actions to address water supply shortages for the least amount of time or volume of diversion necessary as determined by the Commissioner of Reclamation, no mitigation measures shall be required during any year that the Sacramento Valley index is 6.5 or lower, or at the request of the State of California, and until two succeeding years following either of those events have been completed where the final Sacramento Valley Index is 7.8 or greater, and any mitigation measures imposed must be based on quantitative data and required only to the extent that such data demonstrates actual harm to species.

SEC. 112. REGARDING THE OPERATION OF FOLSOM RESERVOIR.

The Secretary of the Interior, in collaboration with the Sacramento Water Forum, shall expedite evaluation, completion and implementation of the Modified Lower American River Flow Management Standard developed by the Water Forum in 2015 to improve water supply reliability for Central Valley Project American River water contractors and resource protection in the lower American River during consecutive dry years under current and future demand and climate change conditions.

SEC. 113. APPLICANTS.

In the event that the Bureau of Reclamation or another Federal agency initiates or reinitiates consultation with the U.S. Fish and Wildlife Service or the National Marine Fisheries Service under section 7(a)(2) of the Endangered Species Act of 1973 (16 U.S.C. 1536(a)(2)), with respect to construction or operation of the Central Valley Project and State Water Project, or any part thereof, the State Water Project contractors and the Central Valley Project contractors will be accorded all the rights and responsibilities extended to applicants in the consultation process.

SEC. 114. SAN JOAQUIN RIVER SETTLEMENT.

(a) **CALIFORNIA STATE LAW SATISFIED BY WARM WATER FISHERY.**—

(1) IN GENERAL.—Sections 5930 through 5948 of the California Fish and Game Code, and all applicable Federal laws, including the San Joaquin River Restoration Settlement Act (Public Law 111–11) and the Stipulation of Settlement (Natural Resources Defense Council, et al. v. Kirk Rodgers, et al., Eastern District of California, No. Civ. S–88–1658–LKK/GGH), shall be satisfied by the existence of a warm water fishery in the San Joaquin River below Friant Dam, but upstream of Gravelly Ford.

(2) DEFINITION OF WARM WATER FISHERY.—For the purposes of this section, the term “warm water fishery” means a water system that has an environment suitable for species of fish other than salmon (including all subspecies) and trout (including all subspecies).

X (b) REPEAL OF THE SAN JOAQUIN RIVER SETTLEMENT.—As of the date of enactment of this section, the Secretary of the Interior shall cease any action to implement the San Joaquin River Restoration Settlement Act (subtitle A of title X of Public Law 111–11) and the Stipulation of Settlement (Natural Resources Defense Council, et al. v. Kirk Rodgers, et al., Eastern District of California, No. Civ. S–88–1658 LKK/GGH).

TITLE II—CALFED STORAGE FEASIBILITY STUDIES

SEC. 201. STUDIES.

The Secretary of the Interior, through the Commissioner of Reclamation, shall—

(1) complete the feasibility studies described in clauses (i)(I) and (ii)(II) of section 103(d)(1)(A) of Public Law 108–361 (118 Stat. 1684) and submit such studies to the appropriate committees of the House of Representatives and the Senate not later than December 31, 2017;

(2) complete the feasibility study described in clause (i)(II) of section 103(d)(1)(A) of Public Law 108–361 and submit such study to the appropriate committees of the House of Representatives and the Senate not later than November 30, 2018;

(3) complete a publicly available draft of the feasibility study described in clause (ii)(I) of section 103(d)(1)(A) of Public Law 108–361 and submit such study to the appropriate committees of the House of Representatives and the Senate not later than November 30, 2018;

(4) complete the feasibility study described in clause (ii)(I) of section 103(d)(1)(A) of Public Law 108–361 and submit such study to the appropriate committees of the House of Representatives and the Senate not later than November 30, 2019;

(5) complete the feasibility study described in section 103(f)(1)(A) of Public Law 108–361 (118 Stat. 1694) and submit such study to the appropriate committees of the House of Representatives and the Senate not later than December 31, 2019;

(6) provide a progress report on the status of the feasibility studies referred to in paragraphs (1) through (3) to the appropriate committees of the House of Representatives and the Senate not later than 90 days after the date of the enactment of this Act and each 180 days thereafter until December 31, 2019, as applicable. The report shall include timelines for study completion, draft environmental impact statements, final environmental impact statements, and Records of Decision;

(7) in conducting any feasibility study under this Act, the reclamation laws, the Central Valley Project Improvement Act (title XXXIV of Public Law 102–575; 106 Stat. 4706), the Fish and Wildlife Coordination Act (16 U.S.C. 661 et seq.), the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.), and other applicable law, for the purposes of determining feasibility the Secretary shall document, delineate, and publish costs directly relating to the engineering and construction of a water storage project separately from the costs resulting from regulatory compliance or the construction of auxiliary facilities necessary to achieve regulatory compliance; and

(8) communicate, coordinate and cooperate with public water agencies that contract with the United States for Central Valley Project water and that are expected to participate in the cost pools that will be created for the projects proposed in the feasibility studies under this section.

SEC. 202. TEMPERANCE FLAT.

(a) DEFINITIONS.—For the purposes of this section:

(1) PROJECT.—The term “Project” means the Temperance Flat Reservoir Project on the Upper San Joaquin River.

(2) RMP.—The term “RMP” means the document titled “Bakersfield Field Office, Record of Decision and Approved Resource Management Plan”, dated December 2014.

(3) SECRETARY.—The term “Secretary” means the Secretary of the Interior.

(b) APPLICABILITY OF RMP.—The RMP and findings related thereto shall have no effect on or applicability to the Secretary’s determination of feasibility of, or on any findings or environmental review documents related to—

(1) the Project; or

(2) actions taken by the Secretary pursuant to section 103(d)(1)(A)(ii)(II) of the Bay-Delta Authorization Act (title I of Public Law 108–361).

(c) DUTIES OF SECRETARY UPON DETERMINATION OF FEASIBILITY.—If the Secretary finds the Project to be feasible, the Secretary shall manage the land recommended in the RMP for designation under the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.) in a manner that does not impede any environmental reviews, preconstruction, construction, or other activities of the Project, regardless of whether or not the Secretary submits any official recommendation to Congress under the Wild and Scenic Rivers Act.

(d) RESERVED WATER RIGHTS.—Effective December 22, 2017, there shall be no Federal reserved water rights to any segment of the San Joaquin River related to the Project as a result of any designation made under the Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.).

SEC. 203. CALFED STORAGE ACCOUNTABILITY.

If the Secretary of the Interior fails to provide the feasibility studies described in section 201 to the appropriate committees of the House of Representatives and the Senate by the times prescribed, the Secretary shall notify each committee chair individually in person on the status of each project once a month until the feasibility study for that project is provided to Congress.

SEC. 204. WATER STORAGE PROJECT CONSTRUCTION.

(a) PARTNERSHIP AND AGREEMENTS.—The Secretary of the Interior, acting through the Commissioner of the Bureau of Reclamation, may partner or enter into an agreement on the water storage projects identified in section 103(d)(1) of the Water Supply Reliability and Environmental Improvement Act (Public Law 108–361) (and Acts supplemental and amendatory to the Act) with local joint powers authorities formed pursuant to State law by irrigation districts and other local water districts and local governments within the applicable hydrologic region, to advance those projects.

(b) AUTHORIZATION FOR PROJECT.—If the Secretary determines a project described in section 202(a)(1) and (2) is feasible, the Secretary is authorized to carry out the project in a manner that is substantially in accordance with the recommended plan, and subject to the conditions described in the feasibility study, provided that no Federal funding shall be used to construct the project.

SEC. 301. OFFSET FOR STATE WATER PROJECT.

(a) **IMPLEMENTATION IMPACTS.**—The Secretary of the Interior shall confer with the California Department of Fish and Wildlife in connection with the implementation of this title on potential impacts to any consistency determination for operations of the State Water Project issued pursuant to California Fish and Game Code section 2080.1.

(b) **ADDITIONAL YIELD.**—If, as a result of the application of this title, the California Department of Fish and Wildlife—

(1) revokes the consistency determinations pursuant to California Fish and Game Code section 2080.1 that are applicable to the State Water Project;

(2) amends or issues one or more new consistency determinations pursuant to California Fish and Game Code section 2080.1 in a manner that directly or indirectly results in reduced water supply to the State Water Project as compared with the water supply available under the smelt biological opinion and the salmonid biological opinion; or

(3) requires take authorization under California Fish and Game Code section 2081 for operation of the State Water Project in a manner that directly or indirectly results in reduced water supply to the State Water Project as compared with the water supply available under the smelt biological opinion and the salmonid biological opinion, and as a consequence of the Department's action, Central Valley Project yield is greater than it would have been absent the Department's actions, then that additional yield shall be made available to the State Water Project for delivery to State Water Project contractors to offset losses resulting from the Department's action.

(c) **NOTIFICATION RELATED TO ENVIRONMENTAL PROTECTIONS.**—The Secretary of the Interior shall immediately notify the Director of the California Department of Fish and Wildlife in writing if the Secretary of the Interior determines that implementation of the smelt biological opinion and the salmonid biological opinion consistent with this title reduces environmental protections for any species covered by the opinions.

SEC. 302. AREA OF ORIGIN PROTECTIONS.

(a) **IN GENERAL.**—The Secretary of the Interior is directed, in the operation of the Central Valley Project, to adhere to California's water rights laws governing water rights priorities and to honor water rights senior to those held by the United States for operation of the Central Valley Project, regardless of the source of priority, including any appropriative water rights initiated prior to December 19, 1914, as well as water rights and other priorities perfected or to be perfected pursuant to California Water Code Part 2 of Division 2, Article 1.7 (commencing with section 1215 of chapter 1 of part 2 of division 2, sections 10505, 10505.5, 11128, 11460, 11461, 11462, and 11463, and sections 12200 through 12220, inclusive).

(b) **DIVERSIONS.**—Any action undertaken by the Secretary of the Interior and the Secretary of Commerce pursuant to both this title and section 7 of the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) that requires that diversions from the Sacramento River or the San Joaquin River watersheds upstream of the Delta be bypassed shall not be undertaken in a manner that alters the water rights priorities established by California law.

* **SEC. 303. NO REDIRECTED ADVERSE IMPACTS.**

(a) **IN GENERAL.**—The Secretary of the Interior shall ensure that, except as otherwise provided for in a water service or repayment contract, actions taken in compliance with legal obligations imposed pursuant to or as a result of this title, including such actions under section 7 of the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) and other applicable Federal and State laws, shall not directly or indirectly—

(1) result in the involuntary reduction of water supply or fiscal impacts to individuals or districts who receive water from either the State Water Project or the United States under water rights settlement

contracts, exchange contracts, water service contracts, repayment contracts, or water supply contracts;
or

(2) cause redirected adverse water supply or fiscal impacts to those within the Sacramento River watershed, the San Joaquin River watershed or the State Water Project service area.

(b) COSTS.—To the extent that costs are incurred solely pursuant to or as a result of this title and would not otherwise have been incurred by any entity or public or local agency or subdivision of the State of California, such costs shall not be borne by any such entity, agency, or subdivision of the State of California, unless such costs are incurred on a voluntary basis.

(c) RIGHTS AND OBLIGATIONS NOT MODIFIED OR AMENDED.—Nothing in this title shall modify or amend the rights and obligations of the parties to any existing—

(1) water service, repayment, settlement, purchase, or exchange contract with the United States, including the obligation to satisfy exchange contracts and settlement contracts prior to the allocation of any other Central Valley Project water; or

(2) State Water Project water supply or settlement contract with the State.

SEC. 304. ALLOCATIONS FOR SACRAMENTO VALLEY CONTRACTORS.

(a) ALLOCATIONS.—

(1) IN GENERAL.—Subject to paragraph (2) and subsection (b), the Secretary of the Interior is directed, in the operation of the Central Valley Project, to allocate water provided for irrigation purposes to existing Central Valley Project agricultural water service contractors within the Sacramento River Watershed in compliance with the following:

(A) Not less than 100 percent of their contract quantities in a “Wet” year.

(B) Not less than 100 percent of their contract quantities in an “Above Normal” year.

(C) Not less than 100 percent of their contract quantities in a “Below Normal” year that is preceded by an “Above Normal” or a “Wet” year.

(D) Not less than 50 percent of their contract quantities in a “Dry” year that is preceded by a “Below Normal”, an “Above Normal”, or a “Wet” year.

(E) In all other years not identified herein, the allocation percentage for existing Central Valley Project agricultural water service contractors within the Sacramento River Watershed shall not be less than twice the allocation percentage to south-of-Delta Central Valley Project agricultural water service contractors, up to 100 percent; provided, that nothing herein shall preclude an allocation to existing Central Valley Project agricultural water service contractors within the Sacramento River Watershed that is greater than twice the allocation percentage to south-of-Delta Central Valley Project agricultural water service contractors.

(2) CONDITIONS.—The Secretary’s actions under paragraph (a) shall be subject to—

(A) the priority of individuals or entities with Sacramento River water rights, including those with Sacramento River Settlement Contracts, that have priority to the diversion and use of Sacramento River water over water rights held by the United States for operations of the Central Valley Project;

(B) the United States obligation to make a substitute supply of water available to the San Joaquin River Exchange Contractors; and

(b) **HYDROELECTRIC PROJECTS.**—If in constructing any new or modified water storage project included in section 103(d)(1)(A) of Public Law 108–361 (118 Stat. 1684), the Bureau of Reclamation reduces or eliminates the capacity or generation of any existing non-Federal hydroelectric project by inundation or otherwise, the Secretary of the Interior shall—

(1) provide compensation otherwise required by law;

(2) provide the owner of the affected hydroelectric project under mutually agreeable terms and conditions with a right of first refusal to construct, operate, and maintain replacement hydroelectric generating facilities at such new or modified water storage project, on federal land associated with the new or modified water storage project or on private land owned by the affected hydroelectric project owner;

(3) provide compensation for the construction of any water conveyance facilities as are necessary to convey water to any new powerhouse constructed by such owner in association with such new hydroelectric generating facilities; and

(4) provide for subsections (b)(1), (b)(2), and (b)(3) at a cost not to exceed the estimated value of the actual impacts to any existing non-Federal hydroelectric project and as estimated for the associated feasibility study, including additional planning, environmental, design, construction, and operations and maintenance costs for existing and replacement facilities.

(c) **COST ALLOCATION.**—Any compensation under this section shall be a project cost and allocated to project beneficiaries.

(d) **APPLICABILITY.**—This section shall only apply to federally owned water storage projects, whether authorized under this Act or some other authority.

(e) **LIMITATION.**—Nothing in this section affects the ability of landowners or tribes to seek compensation or any other remedy otherwise required by law.

SEC. 406. **CA STATE WATER RESOURCES CONTROL BOARD.**

(a) **IN GENERAL.**—In carrying out this Act, the Secretaries shall—

(1) recognize Congressional opposition to the violation of private property rights by the California State Water Resources Control Board in their proposal to require a minimum percentage of unimpaired flows in the main tributaries of the San Joaquin River; and

(2) recognize the need to provide reliable water supplies to municipal, industrial, and agricultural users across the State.

TITLE V—WATER SUPPLY PERMITTING ACT

SEC. 501. **SHORT TITLE.**

This title may be cited as the “Water Supply Permitting Coordination Act”.

SEC. 502. **DEFINITIONS.**

In this title:

(1) **SECRETARY.**—The term “Secretary” means the Secretary of the Interior.

(2) **BUREAU.**—The term “Bureau” means the Bureau of Reclamation.

(3) **QUALIFYING PROJECTS.**—The term “qualifying projects” means new surface water storage projects in the States covered under the Act of June 17, 1902 (32 Stat. 388, chapter 1093), and Acts

supplemental to and amendatory of that Act (43 U.S.C. 371 et seq.) constructed on lands administered by the Department of the Interior or the Department of Agriculture, exclusive of any easement, right-of-way, lease, or any private holding.

(4) COOPERATING AGENCIES.—The term “cooperating agency” means a Federal agency with jurisdiction over a review, analysis, opinion, statement, permit, license, or other approval or decision required for a qualifying project under applicable Federal laws and regulations, or a State agency subject to section 503(c).

SEC. 503. ESTABLISHMENT OF LEAD AGENCY AND COOPERATING AGENCIES.

(a) ESTABLISHMENT OF LEAD AGENCY.—The Bureau of Reclamation is established as the lead agency for purposes of coordinating all reviews, analyses, opinions, statements, permits, licenses, or other approvals or decisions required under Federal law to construct qualifying projects.

(b) IDENTIFICATION AND ESTABLISHMENT OF COOPERATING AGENCIES.—The Commissioner of the Bureau shall—

(1) identify, as early as practicable upon receipt of an application for a qualifying project, any Federal agency that may have jurisdiction over a review, analysis, opinion, statement, permit, license, approval, or decision required for a qualifying project under applicable Federal laws and regulations; and

(2) notify any such agency, within a reasonable timeframe, that the agency has been designated as a cooperating agency in regards to the qualifying project unless that agency responds to the Bureau in writing, within a timeframe set forth by the Bureau, notifying the Bureau that the agency—

(A) has no jurisdiction or authority with respect to the qualifying project;

(B) has no expertise or information relevant to the qualifying project or any review, analysis, opinion, statement, permit, license, or other approval or decision associated therewith; or

(C) does not intend to submit comments on the qualifying project or conduct any review of such a project or make any decision with respect to such project in a manner other than in cooperation with the Bureau.

(c) STATE AUTHORITY.—A State in which a qualifying project is being considered may choose, consistent with State law—

(1) to participate as a cooperating agency; and

(2) to make subject to the processes of this title all State agencies that—

(A) have jurisdiction over the qualifying project;

(B) are required to conduct or issue a review, analysis, or opinion for the qualifying project; or

(C) are required to make a determination on issuing a permit, license, or approval for the qualifying project.

SEC. 504. BUREAU RESPONSIBILITIES.

(a) IN GENERAL.—The principal responsibilities of the Bureau under this title are to—

(1) serve as the point of contact for applicants, State agencies, Indian tribes, and others regarding proposed qualifying projects;
